## BRITISH PLANES DROP BOMBS ON TRIBESMEN ON INDIAN FRONTIER

*Repeated Attacks on the Northwestern Border of India Force British to Adopt Course of Bombarding Villages*

London, Nov. 19.—Opening of aerial warfare against the Mahsud tribesmen on the northwestern frontier of India has been ordered, it is stated in advices from India to-day. The order was given on November 12 after the Mahsuds had failed to comply with the terms laid down in the British ultimatum late in October in which the tribesmen were notified that unless they should discontinue their continual attacks on British posts and convoys and their raids into British territory they would be subjected to an intense aerial bombardment. The British airmen now have been instructed to bombard the villages of Makin, Kaniguram and Marobia.

The Waziri tribesmen in the same district who were similarly notified in the ultimatum had been given until to-day to reply, and this morning the notification was still unanswered.

The effects of the air bombardment have not yet been reported.

## DELEGATIONS SOON WILL LEAVE PARIS

British and American Agents to Depart Early in December

Paris, Nov. 19.—The United States delegation to the Peace Conference will sail for home on December 5 or 6, it was learned to-day. The British delegation probably will leave Paris about the same time, although no official announcement has been made.

Switzerland  
Bern, Nov. 19.—Switzerland's adhesion to the League of Nations was voted by the Swiss National Council to-day. The vote came after eight days of debate, the count being 124 in favor of this country joining the League to forty-five against.

## REINDEER COMPANY IN NORTH MANITOBA

Caribou and Reindeer Will Graze Over Huge Tract

The Pas, Man., Nov. 19.—The North American Reindeer Company, capitalized at \$75,000, has been granted a concession of 75,850 square miles of land north of the Churchill River to graze caribou and reindeer upon. This amounts to 45,444,000 acres, for which the Government charges a quarter of a cent an acre per annum, according to a statement of the officials of the company. The total will be \$192,000 a year.

## NO COAL ENTERING EASTERN CANADA FROM THE STATES

Ottawa, Nov. 19.—C. A. Magrath, Canadian Fuel Controller, who is in Washington in regard to Canada's supply of bituminous coal, has sent word that the situation is still serious. So far the American Fuel Committee has not sanctioned the movement of any coal to Canada. No soft coal has been imported into the Dominion since the strike began.

Toronto, Nov. 19.—All soft coal in storage or in transit may be seized and hereafter manufacturers must apply for supplies to the Fuel Administrator, according to notices given by H. A. Harrington, Fuel Administrator for the province of Ontario.

## RETURNS TO OTTAWA FROM WASHINGTON; HON. MACKENZIE KING

Ottawa, Nov. 19.—Hon. W. L. Mackenzie King, the Liberal Leader, has returned to the capital from Washington, where he attended the International Labor Conference since the close of the parliamentary session. Mr. King expects to remain in the capital for the next few weeks.

## GEN. YUDENITCH'S DAUGHTER MISSING

When Last Heard of She Was in Bolshevik Territory

London, Nov. 19.—Somewhere in Russian territory held by the Bolsheviks, the daughter of General Yudenitch, who led his army in an attempt to capture Petrograd, is said to be hiding for fear of being shot by the men whom her father is fighting. This fact has been made known here by General Dobriansky, representative of General Yudenitch in London. General Yudenitch does not know what fate has befallen his daughter. Her husband was killed in battle with the Germans shortly after her marriage.

Refugees Suffer  
London, Nov. 19.—Refugees attempting to escape from the Bolsheviks in the van of General Yudenitch's retreating army are being stopped at the Estonian frontier, where they are suffering great hardships in the snow and without shelter.

## EIGHT OUNCES AS PRESCRIPTION LIMIT

Executive of Prohibition Association Wants Prohibition Act Amended

Vancouver, Nov. 19.—That eight ounces of liquor be the maximum a physician may prescribe, save in the cases of persons living more than five miles from a physician, when the amount might be twelve ounces, is the recommendation of the provincial executive of the People's Prohibition Association of British Columbia.

A special committee appointed by the executive some time ago to prepare a memorial to the Premier and members of the Legislature regarding the infractions and violations of the Prohibition Act by physicians and druggists, submitted the draft of a memorial at a special meeting of the executive here last evening. This memorial, which was approved, requests the Government to pass an amendment to the Prohibition Act limiting the amount of liquor which a physician may prescribe to eight ounces, and to twelve ounces to a person living more than five miles from a physician.

Abuse.  
The memorial cites as the reasons for this request that the abuse of prescriptions has grown to alarming proportions; that in at least one case a doctor has issued over 1,000 prescriptions in one month, and a large number of doctors issue 100 or more prescriptions monthly regularly. It is noted that the amount of liquor prescribed in most cases seems to have no relation to the supposed, or any, illness and generally has amounted of late to half a gallon. The memorial goes on to state that by reason of this evil the sale of Government liquor has increased enormously and the administration

## New Zealand Leaves Vancouver on Long Voyage to Halifax

Vancouver, Nov. 19.—The battleship New Zealand, which has been in the harbor here since Saturday, will sail this afternoon at 3.30 o'clock for Halifax via the Panama Canal. At the eastern port, Admiral Lord Jellicoe will again board the ship, which will convey him across the Atlantic on the last leg of his Empire-wide tour.

## HON. J. D. MACLEAN STATES PERSONNEL AND OBJECTS OF NEW WELFARE COMMISSION

The Social Welfare Commission, according to a statement issued by Hon. J. D. MacLean, Provincial Secretary, to-day, will probably be composed of E. S. H. Winn, chairman of the Workmen's Compensation Board, who will be chairman of the Commission; Mrs. Spofford, of Victoria; Dr. T. B. Green, of New Westminster, and D. McCallum, of the Department of Labor.

The Commission will proceed to work at once, and the main points of investigation will be: Mothers' Pensions, Maternity Benefits, State Health Insurance and Public Health Nursing.

This Commission will act in pursuance of the promise made in the Legislature at the last session. This was in the form of an amendment to a resolution asking the Legislature to appoint a Commission to bring in a bill before the close of that session, adopting a system of State Health Insurance. The amendment was to the effect that the Government, at an early date should take into consideration the introduction of legislation dealing with State Health Insurance, Mothers' Pensions, and so forth.

To Apply Policies.  
The object of the commission will be to ascertain how policies dealing with these various points, which have been adopted in other parts of the world, can be applied in British Columbia.

Among other questions which the Commission will be asked to determine is the financial responsibility of the Dominion and Provincial Governments, the municipalities, and the individuals, and the approximate cost of each undertaking, if the recommendations are approved.

The Minister suggests that representatives of the following classes of organization should be given an opportunity to present their views at the time when sittings are held in various points of the Province. Employers of labor, capitalists, labor organizations, medical and nursing organizations, fraternal and hospital associations, social welfare societies, returned soldier organizations, Boards of Trade, farmers' organizations, Women's Institutes and women's organizations.

It is hoped to have a portion of the recommendations ready for the next session of the Legislature.

NEW PROFESSOR.  
Toronto, Nov. 19.—Rev. William Manson, of East United Free Church, Pollockshield, Scotland, was inducted last night as professor of the New Testament at Knox College, in succession to the late Prof. Robert Law.

## JAPAN ENCOURAGES CATTLE INDUSTRY

Seattle, Nov. 19.—Japan is making an earnest effort to become a leading nation in the livestock industry, according to Dr. Isa Tanimura, representing the Japanese War, Agriculture and Commerce Departments in the Imperial Household, who has arrived in Seattle on his way to Chicago, where he will attend the International Livestock Show.

## CALDER SEES BORDEN ABOUT RELIEF FOR RETURNED MEN

Ottawa, Nov. 19.—Hon. J. A. Calder, Minister of Immigration and Colonization, has gone to New York and Atlantic City, and it is understood he will see Sir Robert Borden in regard to important Government business before returning to the capital.

One of the most important matters which the Minister of Immigration has in hand at the present time is the manner of the administration of the \$40,000,000 voted by Parliament for the relief of returned soldiers during the winter months. When the money was voted the details were left to the Government to work out, including necessary rules and regulations, the conditions under which money will be paid to any one person, the length of time it will be paid and other details.

Mr. Calder stated in the House that it was the intention of the Government to have a central authority, and he suggested that it would be necessary to have provincial boards of administration as well as local boards in all the larger centres of population to deal with necessary cases.

Veterans Consulted.  
The Government is consulting the soldier organizations in regard to the

## TRADE COMMISSION SITS IN BOSTON

Boston, Nov. 19.—Members of the International Trade Commission were greeted on their arrival here to-day by representative New England manufacturers, financiers and exporters. The Commission, composed of industrial leaders of Great Britain, France, Belgium and Italy, and accompanied by agents of the United States Chamber of Commerce and commercial attaches of several countries, opened a two days' conference here with a view to obtaining co-operation in solving reconstruction problems in Europe.

## PRINCE LOOKS OVER NEW YORK CITY

British Heir-Apparent Goes to Top of Woolworth Building

Unusually Cordial Reception Tendered by People of Big City

New York, Nov. 19.—The Prince of Wales was up bright and early to-day "to see the sights." Pleased by the warmth of his welcome here yesterday, when he was made a freeman by Mayor Hylan, the Prince displayed a boyish eagerness to become acquainted with the city. His morning programme included a trip to the top of the fifty-four-story Woolworth Building, an automobile ride through famous thoroughfares, visits to the Stock Exchange, the United States Sub-Treasury building, historic Trinity Church and the Chamber of Commerce.

At Horse Show.  
The afternoon will be taken up with visits to the Academy of Music and the annual Horse Show at Madison Square Garden. To-night he will attend a dinner of New York societies and later will be the guest of honor at a ball in the home of Mrs. Whitelaw Reid.

By his democratic bearing the Prince has captured the heart of New York. He was greeted with unusual warmth everywhere he went. The crowds, showing a democratic disregard for royalty, saluted him with such remarks as "Hello Prince," and "He's a regular guy."

The Prince is guarded by a detachment of 250 police and federal reserve agents, but there has been little for them to do.

## ONE GREAT LEVY TO WIPE OFF DEBT

Huyssmanns, Belgian Socialist Leader, Opposes Fifty-Year Plan

Antwerp, Nov. 19.—The Belgian Socialists are in agreement with the Government on the economic question, according to an interview with Camille Huyssmanns, the Belgian Socialist leader, printed in the paper Neptune.

M. Huyssmanns said he considered the financial question as the most important at the present time, Belgium's debt being 15,000,000,000 francs. It was useless to promise labor high pensions, he declared, as no money was available.

One Levy.  
To pay off the war debt in fifty years as proposed by Premier Lloyd George, would mean to pay it twice, the Socialist leader added. It was better to extinguish it by one levy rather than by a series of taxes, he contended.

"If Germany pays to Belgium the sums necessary to rebuild the railways and Channel ports," M. Huyssmanns said, "that is all we can expect."

"The intellectual classes who so far have constituted the proletariat and aristocracy," he concluded, "must descend from their throne. We can do for intellectual labor what we did for manual labor."

## FUTURE OF DANZIG NOT SETTLED YET

Warsaw, Nov. 18.—Via London, Nov. 19.—Conferences between Polish delegates and representatives of the German Government in Berlin relative to the administration of the free town of Danzig have not reached a definite phase as yet. It seems the question involved must be settled by the Peace Conference at Paris.

U. S. DYE IMPORTS.  
Washington, Nov. 19.—To prevent a flood of German dyes being dumped into the United States after ratification of the peace treaty, the House and Senate yesterday adopted a resolution extending the control of dye imports until January 15. The measure now goes to the President.

## EUROPEAN ALLIES MAY LAUNCH LEAGUE WHILE UNITED STATES DELAYS

*Matters Continually Arising Under Treaty Which Require Immediate Attention; Belief Exists States Will Line Up*

London, Nov. 19.—Great Britain and France are considering whether they are not compelled to carry out the German peace treaty and operate the League of Nations independently of the United States, pending the decision of the American Government.

It is pointed out that matters are continually arising under the treaty which need immediate attention, such as plebiscite commissions, and it is no longer possible to delay making the pact operative.

The opinion strongly prevails that Great Britain would not accept any reservations made by the United States Senate which would necessitate the negotiation of a new treaty.

The belief still exists that the American Government will ultimately take its place with the Allies.

Letter From Wilson.  
Washington, Nov. 19.—A letter from President Wilson advising administration Senators to vote against ratification of the treaty with the Foreign Relations Committee reservations was laid before a conference of the administration Senate forces to-day by Democratic Leader Hitchcock.

The Committee programme, the President wrote, would provide not for ratification, "but rather for a modification of the treaty."

The conference had been called to decide on the final administration tactics in the fight for ratification, expected to come to an end to-day or to-morrow.

To Vote Against.  
The decision of the Democratic friends of the treaty to vote against a ratification resolution containing the Lodge reservations was affirmed at the conference. Senator Hitchcock said enough Democrats to insure its defeat had agreed to vote against the Lodge resolution.

No compromise plan was drafted by the Democrats, but it was suggested that after the prospective defeat of the Lodge reservation, a committee of Democrats would be appointed to confer with the Republicans to that end.

(Concluded on page 4.)

## BOLSHEVIKI SAY KOLCHAK ATTACKED

State Would-be Assassins Failed, But Six Soldiers Killed

London, Nov. 19.—An attempt to assassinate Admiral Kolchak, head of the All-Russian Government, which up until recently maintained its capital at Omsk, is reported in a Bolshevik wireless dispatch received here from Moscow. Hand grenades were thrown at Kolchak, six soldiers being killed and twelve wounded, it is claimed.

The capture of Kursk, south of Orel, is reported in the dispatch. Bolshevik troops having entered the city on Tuesday.

In the course of the operations resulting in the capture of Tobolsk, Ishim, Seukalsk, Petropavlovsk, Kokchetov and Omsk, the dispatch asserts, the Bolsheviks took 1,000 officers and 27,000 men as prisoners.

## EGYPTIAN MINISTRY RESIGNS BECAUSE OF MILNER'S STAND

London, Nov. 19.—The Egyptian Ministry has resigned because of dissatisfaction with the mission appointed by Lord Milner, Secretary for the Colonies, to investigate the unrest in Egypt, according to official dispatches from Cairo to-day.

Rioting occurred in Alexandria yesterday, the trouble lasting throughout the day until the military restored order.

Cork, Nov. 19.—The Liscarroll courthouse was burned to the ground Sunday. It is believed to have been a case of incendiarism.

## SAYS COAL MINES NEED NOT CLOSE

Western Fuel Co. Manager  
Refutes Report Based on Embargo

Nanaimo, Nov. 19.—"Nonsense," said G. W. Bowen, general manager of the Canadian Western Fuel Company, when a report from Vancouver was quoted that the mines belonging to the firm here might have to close if the embargo on coal was maintained. Mr. Bowen classified the statement as ridiculous.

"As a matter of fact," he said, "there is no embargo. We have only to obtain special licenses, and so far we have received all we need. Stretching things considerably, it might be possible that we would have to ease up slightly, but that is not likely."

## SPANIARDS EXECUTE MOROCCAN TRIBESMEN

Madrid, Nov. 19.—Twenty-one Moroccan tribesmen were executed at Tetuan, east of Tangier, yesterday following their conviction by a court martial of killing their officers while the tribesmen were in the service of the Spanish Government, according to advices received here.

## BAD DROUGHT IN NEW SOUTH WALES

Worst on Record; Thousands of Settlers Are Ruined

London, Nov. 19.—Australia, especially New South Wales, is suffering the most devastating drought since white men have resided in that country, even the drought of 1902 being surpassed, according to a Sydney dispatch to The Daily Mail.

## Interesting News For Working Men

AN ARTICLE WELL WORTH YOUR WHILE TO READ

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferrozene for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferrozene quickly brightens up the mind. It creates an appetite and improves digestion. Ferrozene makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferrozene is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferrozene and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferrozene. Because nourishing and perfectly harmless all can use it, even children. Get Ferrozene to-day, by mail from all dealers or by mail from The Catarrhazone Co., Kingston, Ont.

## TRIAL OF STRIKE LEADERS IN WINNIPEG

Winnipeg, Nov. 19.—The grand jury here yesterday returned a true bill against the eight strike leaders charged with seditious conspiracy. Those against whom the bills were returned are R. B. Russell, William Ivens, Richard Johns, George Armstrong, A. A. Heaps, John Queen, William Pritchard and R. E. Bray.

It is probable they will come up for trial toward the end of the week.

The grand jury in its report, in addition to returning true bills on the charges of seditious conspiracy, declared the men were a public nuisance.

During the course of the hearing more than seventy witnesses were called.

Thomas S. Szczuriski was convicted of rioting and remanded for sentence before Mr. Justice Metcalf yesterday, evidence produced by the Crown indicating that the accused was in a crowd which attacked a returned soldier on Main Street on June 21. Another witness swore that he had seen accused make motions as if he were about to pull a gun.

## CLEMENCEAU TAKES A BRIEF VACATION

Paris, Nov. 19.—As Premier Clemenceau left to-day for a four-day vacation at his home in Vendee, it is probable there will be no meeting of the Supreme Council for several days.

Do not suffer from another attack of hemorrhoids, bleeding or protruding piles. Dr. Chase's Ointment will relieve you at once and as certainly as you see a box of all dealers, or Edman, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 1c stamp to pay postage.

## PILES

## DIRECT TAXATION URGED BY CRERAR

Wants Canada to Remove Duties From Necessaries of Life

Former Minister Advocates Changed Methods of Raising Revenue

Brandon, Man., Nov. 19.—Direct taxation to make up any loss in revenue occasioned by a removal of the customs tariff from the necessities of life, an increase in the income tax and Federal adoption of the inheritance tax plan were advocated here last night by Hon. T. A. Crerar at a meeting called by the Grain Growers for the purpose of educating Brandon people in the political platform of the Canadian Council of Agriculture.

Mr. Crerar made a plea that the farmers concentrate on Dominion politics for one year at least, as it is in that field that the things that concern them most lie, such as questions of revenue, immigration, transportation and conditions of development.

"The Canadian Council of Agriculture has formulated a platform which contains the best set of political principles before the Canadian people to-day," said Mr. Crerar, after explaining that the farmers, having leisure, pondered matters and are making a valuable contribution to the public life. He declared the responsibility for misgovernment in the past was directly due to the lack of interest taken in public affairs by the electorate.

Responsibility.  
"Development a sense of responsibility is stirring the hearts of men to-day as never before," he said. Again and again the ex-minister stated that the platform is not a class platform or the movement of a class movement, but a national platform, a new national policy for the whole Canadian people.

The Canadian national debt before the war was \$335,000,000, he said, and now, since the successful flotation of the new Victory Loan, it was more than \$2,000,000,000 for \$500,000 persons. There must now be raised annually for Federal Government purposes \$225,000,000, whereas before the war \$140,000,000 was required annually.

Some of the expenditures must be maintained or increased, such as those for men broken in mind or body during the war, and because of a "foolish railway policy \$10,000,000 or \$15,000,000 must be raised annually."

Protection.  
The National Policy announced in 1879, the protective tariff, stood to-day with few changes, he declared. In an agricultural country a protective tariff was a barrier to development. Was it wise or sane to add to the expense of things necessary for production? The farmer, under present conditions, must buy implements in a restricted market because it was a protected market and sell his output in open competition with the world. This was not the way to develop an agricultural country.

Drawback.  
"The policy of protection is the greatest curse and drawback we could have in Canada," he said. "In Ontario, the lines, the agricultural province in Canada, it has driven people off the land into the cities."

"The protected industries in Canada have been one of the greatest sources for the corruption of government this country has had because it paid them to have protection and they paid the price."

Planks in the platform of the Canadian Council of Agriculture, he commented were the proposal to take off the tariff duties on farm implements, food, etc., a reduction of the taxes on everything but luxuries, direct taxation and income and inheritance taxes, publication of sources of campaign funds and proportional representation.

## HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around to-day," and all such expressions are characteristic of women who have overtaxed their strength until headaches, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

## PATRIOTISM IN U. S. VERSUS RADICALISM

Tacoma, Nov. 19.—"We have jails, we have scaffolds and we have outgoing ships, and now is the time to use them," declared Chancellor L. Jenks, of Chicago, president of the Sons of the American Revolution, here yesterday.

Mr. Jenks, who is on an inspection trip of the various chapters of his order, spoke at a luncheon here.

"The same spirit of patriotism that crushed the rape of Belgium must crush the radical assault on our ideals of government," he said. He declared there is a strong wave of patriotism developing in the nation, and predicted it will sweep the country as a reaction from the present crisis of extreme radicalism.

## COURT REPORTER TESTIFIES, NOW CONCERNING CASE

Miss Ogston Shrinks From Publicity, But Feels It a Duty to Tell Good Tanlac Has Done Her

Miss Helen R. Ogston, a court stenographer and one of the best known and respected young women of Winnipeg, who resides with her mother at 275 Balmoral Street, suite 11, is now an ardent champion of the merits of Tanlac.

"I am not desirous of publicity," said Miss Ogston, while in Liggett's Drug Store, recently, "but Tanlac has helped me wonderfully, and I am glad to give a statement which I feel may be the means of benefiting others who are in the condition I was before taking it."

"For three months my work was unusually hard and piled up on me so I was forced to work part of every night, which kept me under such a strain that I became almost a nervous wreck. I lost my appetite almost entirely—nothing appealed to me, no matter how tempting—and I had no taste or relish for food of any kind. What little I did manage to eat would ferment in my stomach and cause severe cramping pains. I had no energy and felt so tired and listless that it was an effort for me even to move around. I really dreaded to sit down to my typewriter for I scarcely had energy to work the keys. I suffered continually with headache, and my nervous system was getting in terrible shape. I would toss and roll nearly all night long, unable to sleep, and feel worse in the mornings than when I went to bed."

"I had read so many statements in the papers about Tanlac that I went to a druggist in whom I have the greatest confidence and asked his honest opinion about the medicine. After telling me he felt sure it would benefit me, I bought a bottle, and by the time I had finished taking it I had entire relief. I am now taking my second bottle, although I really don't feel like I need it, for I am just feeling fine. I have gotten back all my energy and my appetite is just splendid. I thoroughly enjoy everything I eat and never have a pain or a sign of indigestion. The headaches and nervousness have left me also, and I sleep every night just like a child. I get up mornings feeling fresh and bright, and my work is a pleasure to me. My mother, who has been suffering for sometime with indigestion and gnawing pains in her stomach, is now on her second bottle of Tanlac, and has already been greatly relieved. I believe Tanlac will completely overcome her trouble as it has mine. I cannot praise Tanlac too highly."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

## CANADA'S VOICE IS HEARD AT WASHINGTON

Washington, Nov. 19.—Canada is likely to win her point and secure direct representation on the governing body of the International Labor offices.

The issue is one of some weeks' standing. The governing body will control the International Labor offices, and direct representation in its membership is considered of prime importance. It consists of twenty-four persons.

Twelve are to represent the Governments, the other twelve to consist of representatives, in equal numbers, of employers' and workers' delegates at the conference and chosen by these delegates.

Of the twelve Governmental representatives on the body, eight will represent the eight states judged to be of chief industrial importance. The other four Governmental representatives will be chosen by the International Labor Conference on its nomination of the Committee of Selection.

When the Organizing Committee of the Conference prepared a list of eight states of chief industrial importance, Canada was excluded. The Dominion Government immediately filed a protest. That protest is still on record and is due to come before the Council of the League of Nations at its first meeting. But so prominent has been the part played by the Canadian delegates at the Conference that it is understood there is every likelihood of Canada being nominated as one of the four which the Conference appoints. The matter is now in the hands of the Committee on Selection and the committee has not yet reported. Its nominations, however, are expected to include the Dominion. Should this be the case, the protest before the Council of the League is unlikely to be pressed.

## PEOPLE OF WINNIPEG CALLING FOR SUGAR

Winnipeg, Nov. 19.—The Winnipeg Board of Trade has sent a wire to the Hon. Arthur Meighen on the serious situation here created by the sugar shortage. The text of the telegram is as follows:

"Sugar situation in Winnipeg extremely bad. Thousands of homes without sugar. Manufacturers cannot get any granulated sugar. One firm has orders for \$40,000 worth of marmalade. Purchasers demanding shipment. Competitors in the East getting granulated sugar. Unless immediate action is taken to relieve situation in this city, consequences will be serious. Can you not do something to have a quantity of granulated sugar headed for Winnipeg at once?"

## Let Your Dainty Things Be Your Everyday Things

You'd like to wear that dainty Georgette or crepe-de-chine blouse every afternoon, wouldn't you? Well it's all a matter of knowing how to wash them properly and safely.

Lux will clean blouses beautifully, and after being washed and ironed—they will look even better than when new.

Lux will not harm any garment, however delicate or dainty, that pure water itself will not injure.

Lux is manufactured in a very special manner, and is absolutely pure; in fact, no form of soap essence can be made in a purer form.

There is no substitute for Lux. There is nothing like Lux. Lux is in a class by itself.

You can wash any garment with Lux without fear of having it spoiled. The whole secret lies in the matchless purity of the little satiny Lux flakes.

Lux is on sale at all Grocers, Departmental Stores, &c.

A handy little recipe booklet, entitled, "The Care of Dainty Clothes" will be gladly sent free on request.

LEVER BROTHERS LIMITED, TORONTO 79

### EX-SOLDIERS MEET.

Nelson, B. C., Nov. 19.—More than 100 former members of the 54th Kootenay Battalion gathered in Nel-

son last night from all sections of the interior for the unit's first annual reunion, on the anniversary of the taking of Deser Trench, in the Somme campaign.

## BONAR LAW UPHOLDS COALITION SCHEME

Says United States in Danger of Not Sharing Reconstruction

London, Nov. 19.—Addressing a meeting of Unionists in London last night, Rt. Hon. Andrew Bonar Law, the Government leader in the House of Commons, emphasized the importance of a coalition Government in developing the strength of nations. He said Great Britain, France and Italy in the war had realized that their life as nations was in danger and formed coalition Governments to save themselves. The United States, being further away, had not formed a coalition.

New danger was seen, and, said Mr. Bonar Law, it would be terrible if it should become a reality that a great nation might not play a part in the reconstruction after the war because there had been no coalition and party spirit was as rampant as though there had been no war.

The result of the general election in France, he declared, was really a victory for coalition.

## BOLSHEVIK WORKERS HELD IN SEATTLE

Seattle, Nov. 19.—The police here are holding seven alleged radicals suspected of conducting what is known as the Seattle branch of the Russian Soviet. The seven men had a total of \$3,386.40 in American money and hundreds of rubles on them.

"We are getting down close to the source of the Bolsheviki now," Chief of Police Warren said in discussing the arrests.

"I regard these arrests as among the most important made, and the evidence we have at hand will be of great value in ridding the city and state of the radicals."

Members of the Loyal Legion of Loggers and Lumbermen of the Central Puget Sound district have declared war to the limit. It was announced here to-day, on the employment of dangerous radicals in the lumber camps and mills of this section.

Members of the Legion met recently at Bryant and Snoqualmie Falls, two Washington points, and adopted resolutions denouncing radicals and demanding that they be discharged from the mills and camps.

## HINDENBURG HEARD BY COMMITTEE

He and Ludendorff at Inquiry Made an Attack on Bernstorff

Berlin, Nov. 18.—via London, Nov. 19.—Field Marshal von Hindenburg declared to-day before the sub-committee of the National Assembly investigating war responsibility:

"I know with absolute certainty that neither the people, the Kaiser, nor the Government desired war, for the Government knew better than others Germany's difficult position in a war against the Entente."

Germany's defensive strength, said Hindenburg, had been as unfavorable as possible from the start. It might be left to history to decide why Germany's peace policy had failed.

"If the military authorities prepared for the possibility of an unavoidable war," continued Hindenburg, "that was only their duty toward the nation. If there had been solid, united co-operation between the army and the homeland, we could have attained victory."

Allies United.

"While with the enemy, notwithstanding his superiority, all parties were united everywhere firmly in the determination to be victors, with us, although we were numerically inferior, interests at home made their influence felt, and this state of affairs led to the breaking of the will to victory."

In all great decisions, Ludendorff and himself had been of one mind, and had worked in full accord from August 25, 1916, to the end, he said.

Submarine War.

"We considered unrestricted submarine warfare imperative immediately we entered the supreme combat," said Hindenburg. "When 1917 came we could no longer permit our gallant soldiers to be bombarded by the American ammunition and their wives and children starved by the blockade. The U boat war was the only means to oppose these conditions."

Ludendorff. In his testimony General Ludendorff said that the high command had at first refrained from beginning the U boat campaign because the Chancellor at that time feared an attack by Holland and Denmark, owing to the pressure of Great Britain, and there were then no troops to meet new enemies.

Bernstorff Happy.

Count von Bernstorff, former German Ambassador to the United States, seemed to be the happiest man in Berlin to-day in consequence of the attack made on him before the sub-committee of the National Assembly by Field-Marshal von Hindenburg and General Ludendorff. He said:

"It showed more than anything else could have done that the German Embassy at Washington was unpopular with the naval and military leaders, who would not believe our representations respecting the United States."

Friends crowded around Bernstorff and congratulated him on the "insult," since, in their estimation, it showed that contradictory sentiments were held by him and the army and navy leaders and that he was treated as a scapegoat.

Result of Meeting.

Ludendorff's unexpected attack on Bernstorff, it is thought, was the outcome of the meeting between the two at Great Headquarters May 4, 1917, there being varying versions of the conversation at that time, and the further fact, according to report, that the General did not care to meet the former Ambassador.

That Ludendorff's feelings against Bernstorff is deep-seated was demonstrated by his remarks after a brief pause in the proceedings of the sub-committee when he declared he would find a way of reckoning with the ex-Ambassador.

Pounded Table.

Ludendorff summarily brushed aside Prof. Bonn, who attempted to show the General an official transcript of part of Bernstorff's testimony at this point. Pounding the table with his fist, he demanded clarification of the charges that he and Hindenburg had not wanted peace at any time; that they had been bent on forcing victory.

"They say I lost my smile because I was tyrannical," he shouted. "Yes, I did lose my smile, but only because I care for Germany and the German people and their future."

Then Hindenburg asked for the floor and vigorously declared: "I and my faithful co-workers wanted peace, but an honorable peace. I resent emphatically charges to the contrary."

Warnings.

Berlin, Nov. 18.—Via London, Nov. 19.—Germany decided upon unrestricted submarine warfare in spite of warnings that such a step would bring the United States into the war as a decisive factor. This was proved to-day by reports read at the inquiry into war responsibility being conducted by a sub-committee of the National Assembly.

Field Marshal von Hindenburg was the leading witness of the day, but his testimony was scarcely more interesting than that of General Ludendorff and seemed even less important than the reading of reports by Dr. Heinrich Albert, Under-Secretary of State and former commercial attaché at the German Embassy in Washington.

1916 Report.

A report which Dr. Albert made in 1916 to the German Government, read to-day, gave clear warning of the feeling in the United States, of the

## What Prominent Ontario Women Say

Tilsonburg, Ont.—"I found Dr. Pierce's Favorite Prescription very beneficial during pregnancy. I felt quite poorly, was nauseated and sick, could not eat anything, and I was extremely nervous and weak. I took 'Favorite Prescription' and it soon stopped the nausea, my appetite returned, also my strength and I was soon feeling fine and strong. My baby was strong and healthy and has always been so. I consider 'Favorite Prescription' a great help to the expectant mother and am glad to recommend it."—MRS. AMOS MILLER, Box 238.

## A HAMILTON WITNESS

Hamilton, Ont.—"A few months ago I was stricken down and was confined to bed about ten days. My strength all left me. It was my first illness since a child. I lost five pounds and felt awfully weak afterward. I could hardly do my work. I was advised to try Dr. Pierce's Favorite Prescription in tablet form. I tried a couple of bottles and before I knew it, I was well and strong and had gained 9½ pounds. I can recommend Dr. Pierce's Favorite Prescription to build one up."—MRS. E. MARTIN, 397 Dundas St.

After suffering pain, feeling nervous, dizzy, weak and dragged down by weakness of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable, contains no alcohol.

efficiency of the United States. The efficiency of the United States, of her financial powers and of her intense leanings toward the Entente and declared that "in case of America's participation neutral nations would side with the United States; the psychological effect would be felt at once; it would be a national misfortune and Germany would be defeated."

Dr. Albert asserted then that the United States would raise several army corps, and that she would energetically support the Allies with huge loans.

## As Scapegoat.

Relations between the German high command and Count von Bernstorff, former German Ambassador to the United States, were not cordial, it was developed, and it seemed an effort was made to treat him as a scapegoat by Hindenburg and Ludendorff, who bitterly attacked him while giving their evidence.

When Hindenburg and Ludendorff declined to appear at the afternoon session of the sub-committee an indefinite adjournment was taken, but it was indicated the former would be recalled to give testimony at the next sitting.

Wednesday is a holiday and the National Assembly will not meet until Thursday.

The field marshal and his chief aide during the war rode to the Reichstag building behind a squad of newly-organized Berlin military police, being mounted on shaggy, ill-groomed horses. Along the route from the residence of Dr. Karl Meißner, former German Vice-Chancellor, there was a cordon of military guards and machine guns were placed in the windows of buildings at various points.

## Blizzard.

A blizzard prevailed during the day and the heavy snow limited the number of persons witnessing the procession. Yet the guards had difficulty in holding enthusiastic admirers of the generals back.

It was observed that even the former Kaiser, in his frequent rides in Berlin, was never given the armed protection which to-day was mobilized for the benefit of the former army leaders. The Reichstag Building was hedged about with a double cordon of armed guards, and the public was not permitted to approach within a hundred yards of the building.

## One Great Essential To a Women's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c, a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Children Cry For Fletcher's CASTORIA

### Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

## VETERANS CONSIDER POLITICAL ACTION

Feeling Growing Among G. W. V. A. Branches in Eastern Ontario

Toronto, Nov. 19.—The feeling that sooner or later the Great War Veterans' Association must enter the political arena is becoming marked in Eastern Ontario, according to Dougald McClean, organizing secretary of the Ontario Command of the Great War Veterans' Association, who has just been on a tour among the eastern branches. He says members of the Association are dissatisfied with the action of the Government at Ottawa in refusing to accept the scheme of soldiers' re-establishment put forward by the Dominion Command.

Toronto, Nov. 19.—The United Women Voters last night decided to endorse the action of the Local Council of Women in asking that a number of women, at least equal to the number of men, be put on the Ontario Board of Moving Picture Censors.

## ANOTHER CASE OF SLEEPING SICKNESS

## FELL EIGHT STORIES AND WAS KILLED

Montreal, Nov. 19.—Charles S. Schainwald, of New York, sixty-five years old, Canadian representative of the Standard Paint & Oil Company, fell from the window of his suite in the Ritz-Carlton on the eighth floor today, struck on a projection on the second story and dashed out his brains, being instantly killed. Mr. Schainwald, who was a sufferer from asthma, was supposed to have opened the window to get air when he was attacked with a fit of coughing, overbalanced and fell through the window.

## OTTAWA POLICEMEN ARE SUSPENDED

Ottawa, Nov. 19.—Sergeant-Major J. Berrigan and Sergeant J. Barlow, of the Ottawa police force, were suspended last evening by Chief Ross, acting upon instructions from the Board of Police Commissioners at the close of an investigation into the circumstances surrounding the arrest of the late Mrs. Sarah Shipman. Mrs. Shipman was taken from a street car and locked up at the police station, the belief being that she was intoxicated. Next morning she was discovered to be seriously ill and was removed to a hospital, where she died.

## HOW LONG?

Discussing the liquor plebiscite legislation recently passed by Parliament, The Toronto Globe remarks that the fact of most immediate interest is that there is likely to be a period of at least six months' duration, after the declaration of peace and the removal of the existing Federal war restrictions on the shipment of liquor into the country or from a wet Province to a dry, during which period the depleted cellars in the dry Provinces may be stocked up.

"The Federal Government," our contemporary says, "may endeavor to continue war-time prohibition for a year after the actual signing of peace under existing Orders-in-Council, but in face of the refusal of the Senate to agree to legislation confirming these Orders-in-Council it is doubtful whether any attempt will be made to interfere with the inter-provincial traffic in liquor after peace is formally established with all the belligerent nations."

The period in which it will be possible to import liquor will depend, first, upon what is meant by the establishment of peace, and secondly, the celerity with which plebiscites may be held in the various provinces in response to requests from the Provincial Legislatures. If the present Orders-in-Council remain effective until peace with all the enemy states has been declared, they may be good for a long time yet. The problem of Turkey threatens to become one of the most difficult with which the Paris Conference has had to deal, and may occasion no little dissension among some of the Allies before it has been disposed of. Hence, it is quite possible that in the cases of some Provinces, at any rate, there will be a much shorter interim between the suspension of the present Orders-in-Council affecting the importation of liquor and the holding of the plebiscites than The Globe estimates.

## THE RUSH TO EUROPE.

"No more bookings can be accepted for our world tour in November, but there are a few vacancies for our European tours next spring. Immediate application essential." Thus reads an advertisement in a popular American periodical with a comparatively wide circulation in Great Britain.

Since the summer of 1914 when American globe-trotters were caught in the swirl of war, stranded in many parts of Europe and unable to extricate themselves before hostilities actually commenced, the American continent as a whole benefitted from tourist travel. The Pacific Coast and British Columbia especially shared in the welcome to that section of the American travelling public accustomed to the annual European jaunt. This year lack of transportation facilities prevented any great exodus from this continent. But with the gradual restoration of the trans-Atlantic steamship services, 1920 will probably prove a record year for Europe.

Organizations are at work in London planning to strengthen Anglo-American friendship by making the American tourist thoroughly at home. Hitherto it has been the formal visit, the sight-seeing and little or no social intercourse outside of that afforded with the occupants of hotel lobbies. War, however, has changed the attitude of both peoples towards one another, even to the point of exchanging visits on a policy fostered by the International Hospitality League of the Y. M. C. A.

In this prospect of large travel to Europe are reasons why it is necessary for Victoria and British Columbia generally to exert every ounce of energy and enterprise to add attractions that will appeal to tourists. The travelling public is fastidious. It demands amusement; but is always ready to pay for it.

## COULD MORE BE DONE?

It is pertinent to inquire whether all the related industries that would be associated in the production of wooden houses for export on a large scale are demonstrating a desire to co-operate towards a type of expansion that should place British Columbia firmly on the map. Great Britain faces an acute shortage of houses. Bricks are only obtainable at an enormous price and in quantities totally inadequate to meet even a small part of the demand.

British building regulations have been relaxed almost beyond recognition and wide discretion is left to local authorities by the Ministry of Health as to materials which may be used and method of construction employed. For instance, walls may be of any material and construction which give efficient stability and reasonable pro-

tection against the weather. Foundations and roofs are hemmed in by just the minimum requirement necessary to safeguard life and health.

Surely there is enough scope here to attract the lumber and building trades of this Province to a co-operative programme that would mean spirited activity for mills and carpenters for some time to come. It is quite true that lack of bottoms is an important factor. It is equally true that no programme is in shape because there is no assurance of any very energetic desire for the business. If it could be demonstrated to the authorities in Great Britain that this Province is in a position to tackle a programme in earnest next spring, we will wager that transportation facilities would be forthcoming.

In the meantime, if our information is correct, the lumbermen are not particularly keen on the project. Why not?

## THE DOINGS OF YOUSOUPOFF

Great Britain must have rubbed its eyes when it learned recently that the Prince who slew the Monk Rasputin had been robbed of rare gems in a London flat. Still greater, no doubt, was the shock which followed the description of this young Prince Felix Yousouppoff. Says the report, chronicling the incident: "A most charming and light-hearted young man, but the terror of flat landlords in London." Apparently this young member of the former Russian Royal family has yet to discover a type of architecture to harmonize with his own originality. As soon as he takes a flat he transforms the interior by pushing out the walls and ordering such other structural alterations as may disguise it completely. He is said to be the originator of the black carpet craze in London. Whatever may be the whims of Yousouppoff, however, civilization will forgive him. His was the hand which removed one of the most sinister influences ever admitted to a European Court.

## PORTIA'S CLAIM.

In the belief of Mr. Herbert Samuel, a former British Postmaster-General and Secretary of State for Home Affairs, the woman of proved capacity and judgment should be able to qualify for a seat on the Bench. He argues that the burden of proof now rests with those who would refuse rather than with those who propose the qualification of women. In this he is quite right, for the civic equality of both sexes has been established both in principle and in practice. The extension of the Parliamentary suffrage establishes the principle, while many women now filling important positions in the British Civil Service, in business and in the medical profession, provide all the practical demonstration required. Moreover, public opinion of late years has undergone such a complete change as to close no door to any profession or any kind of employment to any women clearly suited to it. It never can be suggested, of course, that every woman is suitable for the magistracy; but the exceptional woman who is suitable should not be disqualified because she is a woman. The women of Victoria should cast about them for two or three entrants for civic honors next January.

## LENINE STILL DREAMING.

When the new Amir of Afghanistan decided to commence his short-lived and unsuccessful campaign against British rule in India during the early months of the year, it was generally supposed that the motive was not one wholly wrapped up in Amanuella Khan's personal vanity. Where German emissaries had failed to divert the late Habibullah from his loyalty to the empire during the war, other sinister agencies found less difficulty in flattering the susceptibilities of the young and less astute ruler. The campaign was a fiasco for Afghanistan; but Nikolai Lenin—no doubt one of Amanuella's well wishers in his mad escapade—still sees hope in a struggle "against universal imperialism headed by Great Britain." This time he has written to the Turkestan Communists pointing out that restoration of communication between Soviet Russia and Turkestan offers new possibilities. Operations against British India on the northwest frontier are always troublesome, but we will wager that Amanuella's lesson has not been lost on his northern neighbors in Turkestan.

## ONTARIO'S NEW LEADER.

A new star has risen in the political firmament of Canada. Mr. Drury is the chosen leader of the United Farmers. Let us hope this luminary will have not only a brilliant rising, but that in the course of his whole career, he will spread around him a lustre at once comforting and beneficial. Mr. Drury has a magnificent opportunity to show that he is a great Canadian and do for the union of the two great races what none of his predecessors were able to accomplish. Owing absolutely nothing to the lodge, and bound by no electoral promises, he will enjoy the most complete independence and may have the clearest vision of the question of bilingual education. We are anxious to see him at work.

## MAKING THE GREAT SEAL.

The affixing of a "water Great Seal" to the Treaty of Peace is a somewhat less laborious work than the making of the seal, which is a considerable business. The wax is not put upon the paper as with more humble seals, but it is in the form of a large disc with an impression on either side. It is kept in a water-case attached to the document by a tag imbedded in the wax. The seal itself consists of two heavy silver plates, in one of which is cut the impression for the front of the device, in the other that for the back, and new plates are required in pre-war times—\$750. When a seal is cooled a mass of wax is softened in warm water, rolled in cold placed between the two plates and im-

## EIGHT OUNCES AS PRESCRIPTION LIMIT

(Continued from page 1.)

of the prohibition law is being made a farce.

### A Convention.

The executive decided to hold a provincial convention in this city on December 17 and 18. "This decision, however, is subject to ratification at another meeting of the executive."

### Inquiry.

A report of the Clement Commission, which inquired into the irregularities in connection with the sale and importations of liquor into the Province since the Prohibition Act came into force, was submitted by a special committee appointed for that purpose.

The report, after reviewing the circumstances leading up to the apprehension and conviction of W. C. Findlay, former Prohibition Commissioner, and the conviction of the Western Canada Liquor Company, went on to deprecate the advantage which had been taken of court proceedings and litigation in preventing the carrying out of the sentence imposed on A. L. Gartschore.

### Premier's Reply.

The report also stated that the committee had requested the Government to take further evidence to probe further what disposition had been made of the liquor which had been illegally imported into the Province. Attached to the report was a letter from Premier Oliver, who, after reviewing at considerable length the circumstances in connection with the various convictions obtained in connection with the Prohibition Act and the irregularities committed while the former Prohibition Commissioner was in office, concluded with the statement that "if the Commission were proceeded with it would result in a useless expenditure of the taxpayers' money, and for that and other reasons outlined the Government did not deem it advisable to proceed with the commission."

### Compensation.

The special committee on compensation agreed to a motion that a statement be prepared on the question of compensation and submitted to the Commission which is to inquire into that subject soon. The president also was instructed to procure counsel to attend the sittings of the Commission.

A legislative committee was appointed to deal with all reports and submit them to another meeting to be called later.

### Near Beer.

Dr. D. C. Curtis, of New Westminster, submitted a resolution providing that the Municipal Act of the Revised Statutes of British Columbia be amended to give municipalities power to regulate and control the sale of "near beer" and to provide that such sale be confined to bona fide hotels and any sales to minors be absolutely prohibited. This was referred to the legislative committee.

### Violations.

It was decided to publish an edition of The Prohibition Bulletin in the near future, exposing the frequent violations of the Prohibition Act, as well as details of the abuse of the Act by druggists and doctors. This action was decided on for the purpose of arousing public opinion to the necessity of securing a better enforcement of the Act.

### Domino-wide prohibition also was discussed, but any action in regard to this subject was deferred until the next meeting.

### Nansimo.

That the presence of the Government liquor shop in Nansimo was detrimental to the best interests of that city was the declaration made in a resolution received from Nansimo. The following resolution was adopted by the executive: "That we endorse the request from Nansimo asking that the Government dispensary in that place be closed, and the secretary is hereby instructed to write to the Attorney-General's Department, advising that we consider the presence of the Government shop in Nansimo to be detrimental to the best interests of the city."

Immediately the Senate met, Senator Lodge formally presented the resolution of ratification containing the fifteen reservations adopted by a majority of the Senate.

### Statement by Lodge.

During the forenoon Republican Leader Lodge, in a formal statement, predicted that the Senate would not obey the "orders" of President Wilson with regard to the treaty.

"The Senate has equal power and responsibility with the President in the making of treaties," said Senator Lodge. "The senators will not, in my opinion, obey the orders of the President, who undertakes to command the Senate to ratify the treaty without reservations adopted by a large majority of the Senate which Americanize it and make it safe for the United States. What he commands will not, in my judgment, be done."

### Train Service.

Chicago, Nov. 13.—There will be no drastic general curtailment of train service in the United States at the present time despite the seriousness of the coal supply. This announcement was made last night at the conclusion of a meeting attended by W. D. Hines, Director-General of Railroads, and the seven Regional Directors of the Railroad Administration.

### Cut Off.

Duluth, Minn., Nov. 13.—All supplies of bituminous coal from the docks at the heads of the lakes to industries in Duluth and Superior and to industries throughout the Northwest regarded as non-essential, were cut off under an order issued this morning by E. D. Brigham, chairman of the Coal Distribution Committee, and W. H. Groverman, United States Fuel Administrator.

## TO START DRIVE FOR PACIFIC TRADE

(Continued from page 1.)

similar to that operated by the C. P. R.

"We are not able to make an announcement regarding this until we know what is to become of the two fast Grand Trunk Pacific steamers now plying between Seattle, Victoria, Vancouver and Prince Rupert," said Mr. Vaughan. "The Government has not yet taken over these steamers as the Grand Trunk deal has not been completed at Ottawa."

"But as soon as we get other things cleared up we will, without doubt, have fast passenger ferry connection between Victoria, Vancouver and Seattle to link up and complete our transcontinental railway system."

### Victoria-Built Steamers.

The first steamer in the Canadian foreign marine service to sail will be the Canadian Raider, which is being turned out by the Coughlan yards in Vancouver. This three other steel ships being turned out by the Coughlan yards will be put in service as soon as completed.

They are similar to the two steel vessels being built in Victoria at the Harbor Marine yards. These Victoria vessels will also be placed in the national foreign service as soon as they are ready.

The vessels will carry general cargo and at present will ply between British Columbia and Australia, calling at New Zealand ports. Their home port will be Vancouver, and they will call at Victoria to take on and discharge cargo as do the boats of other lines.

As fast as other ocean liners are built and turned out by the Canadian yards, the service of the Canadian Government merchant marine will be extended to other parts of the world, possibly South America, South Africa and the Orient, Mr. Vaughan said. This will give Canadian exporters on the Pacific transportation facilities to enter foreign markets which they have been lacking in the past.

### Gulf Island Service.

This afternoon Mr. Vaughan and Mr. Wood, in company with D. O. Lewis, resident engineer of the C.N.R., went over the Canadian National line between Victoria and Patricia Bay. In connection with Patricia Bay line, Mr. Vaughan said that he was interested in the possibility of linking up the Gulf Islands with Victoria by steamer service from

Patricia Bay and railway connection over the C.N.R. to the city.

The two officials also purpose looking over the up-island line of the C.N.R., on which rails are now being laid.

## I.W.W. FUGITIVE TAKEN BY SHERIFF

Centralla, Wash., Nov. 13.—Bert Bland, the notorious I. W. W. fugitive and suspected slayer of Lieut. Warren O. Grimm, one of the four Armistice Day parade victims, was taken without a fight yesterday afternoon by Sheriff John Berry and a company of deputies. Bland is now lodged in the county jail at Chehalis.

According to Sheriff Berry, the radical leader made no resistance, and betrayed little concern. He was hidden in a shack twelve miles northwest of Independence, and is supposed to have taken refuge there on Monday after he was seen near Rochester and Kelsing Junction, when he was driven forth to seek food.

## WINNIPEG STRIKE IS CALLED REVOLUTION

Winnipeg, Nov. 13.—The Board of Railway Commissioners yesterday took the stand that the recent strike in Winnipeg was in effect a revolution, and that a demurrage rule on the railways during the strike period might be set aside without creating a precedent in the case of future strikes. It was decided that the demurrage charges which accrued during the general strike must be paid at the reduced rate of \$1 a day, as already assessed by the railways.

## Music Through a Diamond

Which Is

## Guaranteed for a Lifetime

The Record groove on the Edison Diamond Disc is a long spiral, having microscopic undulations which correspond to sound waves. The Diamond Disc is made of a special material, and is ground and polished by expert workmen, and with mathematical accuracy to fit this groove, and track the same without cutting or wearing down the undulations. Furthermore, this Diamond Disc is mounted on a floating weight so designed as to cause a means to press down upon the record groove with the correct pressure. On account of the shallowness of this groove, it cannot be used as a means to propel the reproducer across the record, which is the means in use on all talking machines. The Edison Diamond Disc is equipped with a mechanical feeding device for propelling the reproducer and preventing all lateral thrust and wear of the Diamond point against the side walls of the groove. These features, WHICH ARE INDISPENSABLE TO CORRECT REPRODUCTION, ARE FOUND ONLY IN THE EDISON INSTRUMENTS.

FREE DEMONSTRATIONS DAILY.

## WANT RETURNED MEN TO GET PREFERENCE

G.W.V.A. Again Discusses  
Employment of Orientals  
and Aliens

Once again the G. W. V. A. has taken up the question of preference in the employment of returned soldiers. At the regular meeting of the Association held last night the members discussed the possibilities of securing for the returned boys employment in preference to Asiatics and other aliens.

After a lengthy discussion the meeting appointed a committee to meet the Central Council and obtain co-operation of the other ex-service organizations in this vital matter. Comrade Stone, chairman of the investigation committee, has been looking into several matters relative to the bringing of large numbers of additional Chinese to this country to act as gardeners and domestics, reported as follows:

"In submitting my report I may mention that the Dominion Command have gone on record against any such policy that would allow Asiatics and other aliens entering Canada until it has been proved that all our comrades are re-established, then British subjects, and after that our Allies who have borne arms with us in the Great War."

Comrade Stone moved that a delegation of five be appointed to interview the lumber companies on the question of employment of Asiatics and aliens in positions which could be filled by returned men; the same delegation to interview the immigration authorities on the subject of entry of Asiatics and aliens.

### A Mass Meeting.

Comrade Hart wanted all the service organizations of the city to be represented in any meeting called together to consider the question of Asiatics and aliens, but he would also like to see the Rotary Club, the Board of Trade and the City Council represented. To an objection by a comrade that some members of the Board of Trade were themselves employers of Asiatics, Comrade Hart said this was all the more reason for having them represented at the conference.

"They will be there to listen. We can hear their objections, if they have any, and we can come back at them direct. I say get all the opponents on that committee—and then make them listen and sit up and take notice as to what concerns the welfare of the returned men, the men who fought for them," maintained Comrade Hart.

**Unemployment.**  
The unemployment question was again discussed. The following resolution was passed:

"That this branch of the G. W. V. A. wire Dr. Tolmie, asking him to have public works started at once. As the Victory Loan has been a great success and owing to the vast number of the C. E. F. discharged in this district the unemployment situation is very acute and immediate action is necessary."

The following resolution, moved by Comrade O'Halloran, was passed:

"Whereas, it appears that under the Soldiers' Settlement Board regulations a loan may be obtained up to \$3,000 on land and an advance in aid of purchase of land up to \$4,500. Therefore be it resolved by the Local Branch of the G. W. V. A. that a system whereby applicants may be permitted to obtain a loan up to 40 per cent of the value of the land security is more in accord with the intent of the Soldiers' Settlement Board, and that this association recommends that such an amendment be made to the Soldiers' Settlement Board regulations."

The Veterans decided to enter a candidate in the next municipal elections.

## TIMBER WOLVES BANQUET

Enjoyable Function Held at Dominion Hotel by Former Members of 103rd Battalion.

Another successful social function under the auspices of the Timber Wolves Club was held last night at the Dominion Hotel, a banquet being held in celebration of the anniversary of mobilization of the unit. Ladies were invited to the affair, and members of the Voluntary Aid Detachment were present as guests of the club.

A glowing tribute to the work done by the V. A. D. nurses during the war was paid by Dr. Thomas, the former medical officer of the battalion. Major Spurgin spoke on the work of the battalion from the time it was organized, and referred to the creditable service of the men of the unit while serving with the battalions to which they were drafted. The toast of the battalion, proposed by L. Barker, was drunk with enthusiasm. The Harbor Marine orchestra rendered selections during the evening, and songs and recitations were given by members of the club.

## TRAIN WAS DERAILED

Heavy Rains Cause Delay on Esquimalt & Nanaimo Railway.

Caused by the recent heavy rains, a landslide on the E. and N. Railway resulted in a southbound freight train being derailed yesterday afternoon about four o'clock at a point near the rock tunnel in the Malahat section. It took some time to right the train, and the passenger service was held up for about three hours.

It was about 7 o'clock last night before the north and southbound trains could be put in motion again, but apart from the delay, there were no serious consequences.

### A BEDTIME STORY

UNCLE WIGGLY AND THE RED BERRIES.

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

Nurse Jane Puszy Wuzzy stood in the doorway of the dining room in the hollow stump bungalow. She looked at the walls, at the pictures and at the furniture.

"Is anything the matter?" asked Uncle Wiggly, the bunny rabbit gentleman, as he twinkled his pink nose to keep any mosquitoes from going to sleep on it in case they had wished to do so.

"No, nothing is the matter," answered the muskrat lady housekeeper. "I was just thinking how nice the bungalow looked since we have had it painted, new paper put on and the windows cleaned—some of which you did yourself."

"The rooms do certainly look very fine," agreed Uncle Wiggly. "I just wish I had something nice and bright and cheerful for the parlor, went on Miss Puszy Wuzzy. 'If all the pretty autumn leaves weren't gone I'd ask you to get me a bunch of them. But as it is—'

"As it is," interrupted Uncle Wiggly with a laugh. "I'll go out in the woods and fields and see if I can't get something bright and cheerful for the bungalow."

"That is very kind of you," remarked Nurse Jane. "You are cheerful yourself, and your nose is a bright pink, but, of course, I can't expect you to stay in all the while. You must have your adventures."

"Yes, that's right!" laughed the bunny. "Soon he was hopping over the fields and through the woods, looking not only for an adventure for himself, but for something bright and cheerful to make the bungalow pretty for Nurse Jane."

But as it was November, almost Thanksgiving, and nearly winter, there were no more bright flowers in the fields, and all the pretty leaves had fallen from the trees. There were only some brown leaves on the

## HORLICK'S

Malted Milk for the Home

A nourishing food-drink for All Ages. Anywhere at anytime. Delicious, sustaining. No cooking.

oak trees, and these were not bright enough for Nurse Jane, though pretty enough in themselves.

"Where shall I find something snappy?" thought the bunny rabbit, and he was just beginning to think he was out of luck, when, all of a sudden, he caught a flash of something red.

At first he thought it might be his pink nose, shining in a puddle of water, as it sometimes glittered in a looking glass at the bungalow. But there were no woodland pools of water nearby, and then Uncle Wiggly saw what it was that looked so bright and cheerful.

It was a bush of red berries not far away, and no sooner had he looked at them a second time than the rabbit gentleman exclaimed:

"These will be just what Nurse Jane wants to brighten up the bungalow! I'll take her a big bunch of the red berries."

It did not take Uncle Wiggly long to pick the red berries on their long stems. Certainly they did look most attractive and artistic. Perhaps you have seen the teacher bring red berries to school, and you know how beautiful they are.

With the bunch of berries in his paw, Uncle Wiggly was hopping home to his hollow stump bungalow and Nurse Jane, when, all of a sudden, he looked out through some and at the end of the path the bunny saw a bad old fox coming toward him.

"Oh, dear," sighed Mr. Longears. "This surely is bad luck! To think of being caught just when I have picked these nice, red berries for Nurse Jane. What shall I do? How can I fool the fox and get away? He has already seen me, I'm afraid."

Indeed, the fox did appear to have seen the bunny, for the bad chap began to run faster toward Mr. Longears.

Uncle Wiggly looked around, holding the red berries in his paw. At one side of him was a prickly briar bush, full of stickers. On the other side was a hollow log.

"I'll crawl inside the hollow log and hide," said the bunny to himself. "The fox may not see me and he may go away."

Uncle Wiggly started to get inside the hollow log, but it was not large enough for himself and also the

## IN WOMAN'S DOMAIN

### Social Personal

The wedding was quietly solemnized Monday, November 17, at St. Mary's Church, Oak Bay, by the Rev. G. H. Andrews, of Margaret A. Morris, formerly of Prince Rupert, and Sydney Brodie Stow, of Edmonton. Only a few immediate friends were present.

Victorians who met Lady Joan Mulholland during her recent visit here, coincident with the visit of the Prince of Wales, will be interested to learn that she is leaving New York on S.S. Lapland this week to resume her court duties as lady-in-waiting to Princess Mary.

Miss Lucy Prichard and her sister, Miss M. C. Prichard, of Margaret Avenue, have left Victoria, and after a few days' sojourn in Vancouver city will proceed to Halifax, N.S., to take passage on the Metagama for England, where they will make an extended visit among relatives and friends.

The marriage will take place at Christ Church Cathedral on Thursday, November 20, of Capt. Christopher Cator, M.C., of Vancouver, son of the late Alben Cator, of Woodbastwick Hall, Norfolk, England, and Della, widow of Ernest Bodwell, K.C. Immediately after the ceremony the couple will leave for New York and sail on the S.S. Adriatic for England and expect to be back in Vancouver next April.

An open meeting, which is to take the form of a "silver tea" and to which all women are invited, will be held at the Victoria Club on Friday afternoon under the auspices of the Women's Independent Political League. The affair will be held from three until five o'clock. An interesting feature will be the consideration and discussion of a programme of proposed municipal reforms—a subject of timely interest in view of the approaching municipal elections.

The ninth anniversary of the organization of the Victoria Club will be celebrated by a re-union tea on Saturday afternoon from 3:30 till 5:30, when all members, both new and old, are expected to attend. Mrs. Angus Campbell, the honorary president, and Mrs. Whyte-Birch and Miss May Tolmie, life members, have been asked to assist as hostesses, and the occasion will also furnish opportunity for members to bid adieu to Mrs. Whyte-Birch, who is shortly leaving for an extended visit to Ireland. A musical programme has been arranged and altogether the event promises to be most attractive.

### CHILD WELFARE EXHIBIT OPENS HERE NEXT WEEK

On Tuesday, November 25, the National Child Welfare Exhibit under the auspices of the Local Council of Women will be opened by His Worship Mayor Porter, in the Congregational Church, corner of Quadra and Mason Streets.

The object of this Exhibit is two fold, first to bring home to the people of the city and surrounding districts

bunch of red berries.

"I'll have to leave them outside," said Uncle Wiggly. "But I'll hide them under the briar bush so the fox won't get them." Quickly he shoved the red berries under the prickly briar bush, and then crawled away inside the hollow stump, so that not even his ears showed.

Along came the fox. He sniffed and he sniffed and he said: "I saw Uncle Wiggly here a moment ago. I wonder where he went? Ah, I see his pink nose down under that bush! He's hiding from me! But you can't get away so easily!" howled the fox. Then he gave a jump, and he landed right in the middle of the prickly briar bush, and he was cut and so scratched and so tangled up that he couldn't get loose.

"Hot! Hot!" laughed Uncle Wiggly as he crawled out of the hollow log. "That wasn't my pink nose you saw! It was the red berries under the briar bush. I fooled you!"

And so he did! The fox, thinking a red berry was the bunny's nose, had jumped right in the stickers. Then Mr. Longears, leaving the fox still stuck in the bush, went home and Nurse Jane liked the red berries very much. And if the clothes wringer doesn't pinch the button off the rag doll's hair ribbon, I'll tell you next about Uncle Wiggly and the white berries.

### the need of active work to promote the health or raise the standard of health.

Army figures showed that as a nation Canada was physically unfit, neither money or energy was spared to improve the health of the men for the fighting line. It is not only cheaper but more patriotic to prevent than to cure. So the first and most important object is to obtain information on the need of action and the method of carrying on this action to secure the greatest result.

The second object is the organizing of a Branch of the B. C. Child Welfare Association. This Association is national and the Aims and Objects will be fully explained at the exhibition by Mrs. R. S. Day. The subject which at present is receiving so much attention and deservedly so, is "Housing," and "Housing as it Affects the Welfare of the Child" will be the subject of an address by H. W. Hart of the G. W. V. A.

The evening will be taken up with an address illustrated with lantern slides, "Mother and Child," "Prenatal Care," "A Fair Start in Life," by Dr. Ernest Hall.

It is hoped there will be a large attendance on the opening day of the Exhibit.

To Give Naval Lecture—Before the students of the Normal School, and their friends, H. P. Helmsing, secretary of the Provincial Branch of the Navy League, will give a lecture on Friday evening on the subject of the Zebrugge raid. The lecture will be illustrated with slides depicting the operation at this spectacular and historic incident.

## GAVE DELIGHTFUL ADDRESS ON INDIA

Mrs. Adams-Beck Told the Women's Club of Animal Life

In an endeavor to correct the somewhat misleading and unsympathetic accounts of Indian given by those who after a fleeting visit feel themselves constrained, as the speaker expressed it, "to write of this wonderful Empire and its wonderful peoples with the eloquence of St. Paul and the inaccuracy of Ananias," a delightful address on "India, Man and Beast," was given before the Women's Canadian Club yesterday afternoon by Mrs. Adams-Beck, of London, England. The speaker is a world-traveller with an intimate and sympathetic knowledge of the Occident and her remarks yesterday were actuated by the desire to arouse in her audience a wish to see for themselves the wonders of the Indian Empire. She urged them to widen their interests and avoid the localism which develops into a rut. To be a true citizen of no mean city one should broaden one's viewpoint and take an interest in the things outside one's own immediate environment.

Blood of Our Blood. A bond of sympathy should exist between the British and India for one of the races of northwest India, was of the same stock of Aryan race, and thus "blood of our blood and flesh of our flesh," said the speaker. She traced the resemblance between the Christian form of supplication to the Divine, "Our Father," and the invocation used in the Vedas—the Indian scriptures—and stated that Buddha, the deity worshipped by so many million peoples in India was himself an Aryan.

Status of Animals. Numerous charming little incidents were related by Mrs. Adams-Beck, culled from her own experiences to show the intimate and understanding relations between man and beast in India. In that vast Empire, animals were part of the daily life of the people who "felt that the animals really belonged, and were part of the whole, and that they, like man, grasp at the hems of brotherhood." In the Occident the automobile was divorcing the human being from the horse, and city life from the dog. "In the East," she said, "the animals are kind to them really for our own sakes more than theirs; we feed them to make them more efficient for service, 'in the same way that we would feed an engine,' was Mrs. Adams-Beck's way of showing the difference in the status of the domestic animal here and in the East.

Religion in India was closely interwoven with animal life, each of the gods having its own animal comrade. Shiva, one of the greatest deities, was closely associated with the bull and in consequence one saw the "sacred" bulls wandering about the bazaars and through the cities, unmolested and unfearful by the people. The understanding existing between the people and the animals resulted in a fearlessness of animals that was almost beautiful. She had seen a child of six riding a water-buffalo—a dangerous animal—and leading a herd of these beasts. The speaker described little incidents coming within her own observation, of the fat-tailed sheep, the elephants, and the monkeys of India.

### Tremendous Faith.

In conclusion she paid a tribute to the people of India for their wonderful religious faith and devotion. "We of the white race worship success: In India they look to the other world more. I have an intense feeling of respect for those whose devotion to their faiths will cause them to give up all their value most, all their wealth and worldly position in order to spend their lives in arduous pilgrimages to the various shrines, there to meditate and prepare for the 'epoch' of death which leads to a higher life."

Mrs. S. C. Richards proposed and Mrs. McLachlan seconded the vote of thanks to the speaker, which was carried with acclaim by the meeting.

In thanking her audience Mrs. Adams-Beck expressed the hope that she might, on her return from Japan, again address the Club on the subject of the magic of India. In voicing the hope of the meeting that the speaker would return at an early date, Mrs. Jenkins, the president, conferred upon Mrs. Adams-Beck an honorary membership in the Club.

## PROGRAMME OF "JAZZ" FOR AERIAL CABARET

Everything in Readiness For To-night's Function at the Empress Hotel

The Lieutenant-Governor and Lady Bernard-Major-General Leckie, C. M. G., O. C., and Capt. E. H. Martin, C. M. G., R. N., will be the patrons of the cabaret to be given at the Empress Hotel this evening under the auspices of the Aerial League of Canada.

Gordon Cameron, who is on the general committee for the event, has just returned from a hurried visit to Seattle where he attended a partial rehearsal of the entertainment to be given, and from his enthusiasm and description the affair promises to be the biggest cabaret ever planned to be given in this city.

The programme of dances and entertainment, which may be subject to some slight changes, is announced as follows:

One-Step ..... The Navy Brought Them Back  
 Song ..... Alcoholic Blues  
 Waltz ..... Will You Remember  
 Song ..... To-day, To-morrow  
 Song ..... Peggy McLellan  
 Fox Trot ..... The Vamp  
 Dance ..... Spanish Dance  
 Lillian Bowers.  
 One-Step ..... Sandunes  
 Ensemble ..... Roses of Picardy  
 Waltz ..... Neva Latham  
 Waltz ..... What a Pal Was Mary  
 Song ..... Slow and Easy  
 Babe Turner.  
 Fox Trot ..... Nobody Much  
 Song ..... Good Men Hard to Find  
 Betty White.  
 One-Step ..... Take Your Girls to the Movies  
 Song ..... Song of the Soul  
 Neva Latham.  
 Waltz ..... Driege's Serenade  
 Dance ..... Jazz Medley  
 Lela Barker.  
 Fox Trot ..... Take Me to the Land of Jazz  
 Ensemble ..... Japanese  
 Babe Turner.  
 One-Step ..... Oh, la, la, out out  
 Song ..... Bally Hoo Bay  
 Auzienne Maurice.  
 Waltz ..... My Isle of Dreams  
 Song ..... Let the Rest of the World Go By  
 Peggy McLellan.  
 Fox Trot ..... Hesitation Blues  
 Dance ..... French Medley  
 Lillian Bowers.  
 One-Step ..... Give Me the Sultan's Harem  
 Song ..... My Gal  
 Babe Turner.  
 Waltz ..... Golden Gates  
 Ensemble ..... Egyptland  
 Fox Trot ..... Bangalore  
 Song ..... Carita  
 Neva Latham.  
 One-Step ..... I Used to Call Her Baby  
 Song ..... Dear Little Boy of Mine  
 Peggy McLellan.  
 Waltz ..... Blowing Bubbles  
 Song ..... I'm Trying to Teach My Papa  
 Babe Turner.  
 Fox Trot ..... Bluing the Blues  
 God Save the King.  
 The committee in charge of the cabaret are Mrs. R. H. Pooley, Mrs. A. J. Gibson, W. H. Wilkerson and Gordon A. Cameron. Mrs. Gibson is in charge of the decorations and is being ably assisted by Miss Monteith, Mr. R. G. Christie and Mr. Robinson.

## APPEAL FOR AID FOR CHILD WELFARE WORK

Mrs. MacLachlan Enlists Support of Women's Canadian Club for Exhibit

An appeal for the assistance of the Club—both in moral and material support—for the National Child Welfare Exhibit, was made to the Women's Canadian Club yesterday afternoon by Mrs. V. S. MacLachlan. This exhibit is to be held under the auspices of the Local Council of Women at the First Congregational Church from November 25 to 28 inclusively, and will be open to the public both afternoons and evenings. The Rev. Hugh Dobson is to have charge of the exhibit.

"If patriotism means anything other than flag-waving, we should inform ourselves as to the best way to prevent the handicap which kept many of our men from the fighting line during the recent war," said Mrs. MacLachlan in the course of her stirring appeal. "Army figures showed us that as a nation we are physically unfit. Neither money nor energy was spared to improve the health and stamina of our men in the trenches, and we should bring to the care of the coming generation the same energy and resource to enable them properly to perpetuate the ideals on which the nation is founded." The speaker also referred to the project of organizing a branch in the city of the B. C. Child Welfare Association, and expressed the hope that the exhibit would serve to crystallize public interest in this vital matter of child welfare.

Parliamentary Drill. A "parliamentary drill" formed an interesting feature of the Club meeting, the members taking part in the debate under the chairmanship of

Boys' Ties—The "Kerr" Tie, made in British Columbia by returned soldiers. A lovely tie for only ..... **75c**

## REVIEWS METHODS OF TAXING SOCIETY

Wm. Marchant Speaks on  
Best Way of Raising Ade-  
quate Social Fund

The Men's Own Club of the Con-  
gregational Church last night heard  
an able address on the subject of  
"Equitable Taxation" by Wm. Marchant.

Mr. Marchant opened his remarks  
by laying down the dictum that  
sooner or later all human conduct,  
both national and individual, would  
have to conform to moral standards.  
Suffering, both national and personal,  
was designed to deter men from evil  
and incline them towards good. There  
was an ethical law governing the uni-  
verse which could only be infringed  
at the cost of happiness and pros-  
perity. The speaker reminded his  
hearers that very few if any of the  
imposts had been based on any  
known laws of equity, and it was to  
this fact that many of our national  
ills could be safely attributed. The  
Master, in whose service most men  
were proud to enrol themselves, had  
made unmistakably clear his concep-  
tion of the law of taxation. "Render  
to Caesar the things which are  
Caesar's, and to God the things which  
are God's" appeared to supply the key  
with which to unlock the problems  
of the modern state. Individuals  
were called upon to render to the  
State the things which rightly  
belonged to the State, and the State  
was similarly required to leave in pos-  
session of citizens the things which  
rightly belonged to them.

The Social Fund.  
A glance, however, round the field  
of taxation convinced an observer  
that this fundamental law was being  
on all hands disregarded. Mr.  
Marchant said. Individuals were fail-  
ing to render to the State that social  
fund which resulted from the gather-  
ing together of the population in the  
proximity of natural opportunities  
and in consequence the State was in-  
fringing every known law of morals  
and ethics in its attempts to raise  
enough revenue to defray public ex-  
penses. The natural resources of  
this wonderful Province had been  
profligately squandered on specu-  
lators and even to-day the State was  
displaying an extraordinary reluc-  
tance to assert the right of the com-  
mon people to a just share in their  
common heritage. On the other hand  
there was a perfect mania seizing the  
minds of legislators which led them  
to tax persons and things without any  
regard whatever to policy or prin-  
ciple. Thus the poll-tax was a levy  
on the poor because they were poor.  
If it were levied, he said, to assert  
the principle that all should contrib-  
ute to public expenses it should be

## LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only  
few cents

Magie! Just drop a little Freezone  
on that touchy corn, instantly it  
drops, then you lift the corn  
off with the fingers. Truly! No  
humbbug!  
Try Freezone! Your druggist sells  
a tiny bottle for a few cents, suffi-  
cient to rid your feet of every hard  
corn, soft corn, or corn between the  
toes, and calluses, without one par-  
ticle of pain, soreness or irritation.  
Freezone is the discovery of a noted  
Cincinnati genius.

## OFFICERS AT TO-NIGHT'S CABARET

It is announced from military  
headquarters that officers at-  
tending the Aerial League  
Cabaret at the Empress Hotel  
tonight may wear uniform if  
they so desire.

levied on all regardless of station,  
sex or creed. It was well known,  
however, that no tax was more evad-  
ed. Long experience had taught that  
it was impossible to apply it equi-  
tably, yet legislators still persisted in  
retaining it on the statute books. The  
speaker next reviewed the tax on  
dogs. If this were levied to assert  
the principle that all nuisances should  
be taxed there might be some justifi-  
cation for retaining it. But in prac-  
tice many nuisances are not taxed,  
and that taxes are levied on many  
men and things which cannot be de-  
scribed as nuisances. The speaker,  
therefore, failed to find any ethical  
basis whatever in the present levy on  
dogs.

### Death Duties.

Death duties failed absolutely to  
satisfy the moral law, he said. If  
they were levied to assert the right  
of the state to the unearned wealth  
of individuals, that principle could  
and should find expression in more  
fundamental and drastic reforms. It  
would be better to reorganise society  
in such a manner as to prevent the  
acquisition of unearned wealth than to  
make belated attempts to deal with  
the question after the death of the  
chief party to the transactions com-  
plained of. In so far as the estate was  
obtained by observance of the moral  
code it should be free from state in-  
terference and should pass to the  
heirs intact.

The speaker dealt with the unsatis-  
factory system of business licenses  
which had always been a grave in-  
justice and which had never been an  
important source of revenue. He  
showed that an equal tax on each  
business was unjust to the man  
whose turn-over was small; that a  
tax on floor space was unjust to the  
merchant who handled bulky goods,  
and that a tax on turn-over was unfair  
to the merchant whose margins were  
small.

Other Revenue Sources.  
Mr. Marchant similarly reviewed  
many other present sources of public  
revenue, and showed wherein they  
failed to satisfy the moral code which  
should underlie all taxation. The  
only tax which satisfied all require-  
ments was a tax on the value of land  
irrespective of improvements, he  
stated. This value, known as econ-  
omic rent, was a social fund. It was  
created and maintained by the very  
presence of the community and should  
be utilized for community purposes.  
The expenses of the State should  
never exceed the revenue derivable  
from economic rent unless in the  
presence of an unusual danger, such  
as the country had recently en-  
countered during the great war. In  
this case the State was justified in  
adopting unusual expedients to cope  
with the common danger. But the  
normal needs of the State would be  
amplified by taking for social  
needs the revenue which men freely  
offered for the use of advantageous  
sites for carrying on industrial pur-  
suits.

At the close of Mr. Marchant's re-  
marks there was a prolonged discus-  
sion.

## TO PASS ON LIST FOR MUNICIPAL ELECTIONS

Persons, whose names should be on  
the municipal voters' list and are not,  
and those whose names are on the  
list and should not be on, are to  
have a chance to have these condi-  
tions rectified at the Court of Re-  
vision on the municipal voters' list  
which is announced at the City Hall  
for 10 o'clock on Wednesday, De-  
cember 10. The complete list of those  
whose names are on will be posted  
for public inspection at the City Hall  
on December 5.

"Any person whose name has been  
left off illegally can have it put on  
the list by appearing before the court.  
This refers particularly to those who  
were on the assessment roll before  
July 1. The names of householders  
and licensees who registered at the  
City Hall during October should also  
be on the list.  
At the sessions of the Court of Re-  
vision, however, it is usually found  
that more names are taken off the  
list than put on."

## MUNICIPAL FINANCE COMMISSION TO SIT

Will Begin Session at Parlia-  
ment Buildings To-morrow  
Morning

To inquire into municipal finances,  
the Municipal Finance Commission,  
brought into being through the in-  
strumentality of Hon. John Hart,  
Minister of Finance, for the purpose  
of holding a thorough investigation  
into the whole question of municipal  
finance, will open its sessions at the  
Parliament Buildings at 10 o'clock  
to-morrow morning.

The sittings will be held in the  
Executive Chamber, and at least two  
days will be devoted to sittings here.  
Every assistance will be given, and  
full freedom allowed the various  
municipal bodies to lay their case be-  
fore the Commission. All bodies in-  
terested are asked to communicate  
with Robert Hartley, secretary of the  
commission, who will make arrange-  
ments for a hearing.

The Municipal Finance Commis-  
sion includes Premier Oliver; Hon.  
John Hart, Minister of Finance;  
Robert Baird, Municipal Inspector;  
and E. D. Johnson, Inspector of Re-  
venue. Robert Hartley, will be secre-  
tary.

It is expected that the machinery  
afforded the municipalities for the  
purpose of laying their case before  
the Government will result in a great  
deal of good, and it is more than  
probable that an entirely new sys-  
tem of taxation in some connections  
will be recommended.

For a long time both the Govern-  
ment and the Municipalities have re-  
sented the necessity of boldly facing  
the financial situation affecting the  
municipalities, and it was only after  
considerable effort on the part of the  
Minister of Finance that the present  
hearing was finally arranged. As  
several municipalities have from  
time to time been making represen-  
tations to the Government, it is  
likely that the importance of the  
Minister's arrangement will be ap-  
preciated and that most of the munici-  
palities will seize the opportunity  
of bringing their financial status to  
the attention of the Government for  
more revenue. Following the hear-  
ing of evidence, the Minister will  
make his recommendations to the  
Cabinet.

## The Plague of Pimples

Body Covered With Them

The primary cause of pimples  
arises from the blood not being in a  
good condition. When the blood be-  
comes impure you will find that  
pimples will break out all over the  
body, but more particularly on the  
forehead, nose and chin, and although  
they are not a dangerous trouble they  
are very unsightly. What you need  
when pimples or boils break out is a  
real good blood purifying medicine  
such as Burdock Blood Bitters.

This preparation has been on the  
market for over 40 years and is the  
most reliable remedy for all troubles  
arising from a bad condition of the  
blood. It removes all the impurities  
from the system, and will leave a  
clear, healthy skin.

Mr. Emerson G. Goodwin, Cam-  
bridge, N. B., writes: "For nearly two  
years I suffered from boils and pim-  
ples on my face and neck, and nearly  
all of my body was covered with the  
pimples. I tried most everything, but  
got no relief. One day a friend ad-  
vised me to try Burdock Blood Bit-  
ters, and after using three bottles the  
pimples and boils had all left me and  
there is no sign of them returning. I  
can strongly recommend B. B. B. to  
anyone who is troubled with skin  
disease."

Manufactured only by The T. Mil-  
burn Co., Limited, Toronto, Ont.

## Silk Petticoats

prices on account of  
some slight imperfec-  
tion in weave or prob-  
ably a small stain.  
Size 2 x 2 to 2 x 3 yds.  
Sale prices from \$4.75  
to \$14.00.

## What Nuxated Iron Is Made From

### Sworn Statement of Composition of Its Formula

It increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time in many instances.

The Board of Directors have authorized the broadest publication of the sworn statement of the composition of Nuxated Iron, one of the most widely used tonic, strength and blood builders in the world, so that the public may examine it for themselves and judge as to its merits.

It is conservatively estimated that this remarkable formula is now being used by over 3,000,000 people annually in America alone. Among those who have used and strongly endorse it are many physicians formerly connected with well-known hospitals, former United States Senators, members of Congress, and former Health Officials.

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their office files so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to anyone who desires such. It is as follows:

**Iron Peptonate** (Special specific Standard) Quantity given below.  
**Sodium Glycophosphates U.S.P.** (Monsanto).  
**Calcium Glycophosphates U.S.P.** (Monsanto).  
**P. E. Nux Vomica U.S.P.**  
**Cascarin Bitter**  
**Magnesium Carbonate**  
**Po Ginger U.S.P.**  
**Oil Cassia Cinnamon U.S.P.**  
**Calcium Carbonate Presp. U.S.P.**

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost; but by so doing we must have most certainly impaired their therapeutic efficacy. Glycophosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recom-

mended to build up the nerve force and thereby increase brain power, as glycophosphates are said to contain phosphorus in a form very similar to that in which it is found in the nerve and brain cells of man.

As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Dae Health Laboratories, Paris, London, and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you. We guarantee satisfaction to every purchaser or your money will be refunded.

In regard to the value of Nuxated Iron, Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says it has proven through his own tests of it to be every preparation he has ever used for creating red blood, building up the nerve and strengthening the muscles. Dr. J. W. Armistead, Grove Hill, Ala., graduate of the University of Alabama School of Medicine, Mobile, 1893, says: "In the case of Nuxated Iron I have found more beneficial results than from any preparation I have ever used in 14 years' practice." Dr. R. B. Maugh, Polkville, Miss., graduate of the Memphis Hospital College, Memphis, 1898, says: "I always prescribe Nuxated Iron where a reconstructive tonic is indicated. Nuxated Iron often increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time."

Manufacturers' Note: Nuxated Iron is not a secret formula, but one which is well known to druggists everywhere. It is the oldest and most reliable tonic. It is not a secret formula, but one which is well known to druggists everywhere. It is the oldest and most reliable tonic. It is not a secret formula, but one which is well known to druggists everywhere. It is the oldest and most reliable tonic.

Sold in this city by C. H. Bowes, and all good druggists.

## Why do You Buy a Particular Belt

Do you know that it has any special advantage over any other belt?  
 —that it is the most satisfactory and economical belt for your purpose?  
 —that it has a longer life than some other belt?  
 —that it conserves power and helps to decrease your cost of production?

Does it cost less money, or is it bought on sentiment for a particular manufacturer or for a salesman's personality?

After it is bought, what is the basis of placing a particular size on a machine for a given purpose? Do your mechanics know what particular width and thickness and what particular surface is best adapted to a given purpose?

## Dominion Friction Surface Belting

is the result of more than fifty years of experience in belt building and our engineers are ready to demonstrate that it will help to make your transmission more efficient, conserve power, lower manufacturing cost, increase production and keep employees and machines busy. It will transmit power at the lowest possible cost per horse power for a longer period than any other type of belting made.

The services of these experts are at your disposal without charge. They will gladly lend you every assistance to make your transmission more efficient.

## LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

### WON EIGHT CRESTS

To the Editor.—In to-night's Times I note you say the 1918 Victory Loan, the Cobble Hill and Shawanigan Lake total was jumped at \$700. This total was for Cobble Hill alone, Shawanigan getting over \$25,000 and winning eight crests that year and Cobble Hill sixteen.

This year Cobble Hill with quota nearly doubled has won eight crests, and Shawanigan Lake, when the final figures are compiled, twenty-one with a total of \$62,600.

H. B. WINGATE WHITE, Secretary for Shawanigan and Cobble Hill, 1918, and 1919.

### THE NOBEL PRIZE

To the Editor.—On my arrival to-day to Victoria from an overseas trip, I found the enclosed cutting from your honored paper.

The statement which is made by Professor Miller, is not correct so far as the Nobel peace prize is not distributed from Sweden, but is distributed from Norway and my country has nothing to do with the same. I am not in a position to express an opinion regarding the other part of the statement further than I am very sorry that Sweden has been declared pro-German on incidents which are many times more authentic than the above.

HAROLD FUNCH, Victoria, B. C., November 17, 1919.

### EMBARGOES

To the Editor.—In the Monday's issue of your paper you announce that the authorities at Ottawa have placed an embargo upon the export of coal from Canada.

I believe that an embargo on the export of hides is also in force. If an embargo had been placed on the export of sugar, there would have been many thousands more tons with which to meet the shortage in Canada to-day, according to the facts published in your paper a couple of weeks ago.

In a resolution, forwarded to Ottawa, which was passed at a public meeting held in this city in June, under the auspices of the Women's Independent Political Association, the second clause read as follows: "Prohibiting the export of any necessity of life until the needs of the Canadian people are satisfied."

This, with other clauses, was prepared in the early part of May for a meeting in Vancouver.

As there was much adverse criticism through the correspondence columns of the press at that time it is a matter of satisfaction to us that the Federal Government is taking steps along these lines in the interest of the Canadian people.

GRACE JOHNSTON, Secretary Women's Independent Political Association, 1139 Chapman Street, Victoria, B. C. November 18, 1919.

### RETURNED SOLDIER RE-ESTABLISHMENT

To the Editor.—You were good enough to give me space in your paper of the 13th inst., re the above subject "Re Connecting Tunnel."

Well, sir, in going further into the subject and getting figures from the City Engineer and other engineers who have done a lot of rock work in the neighborhood of this harbor the figures of a maximum (cut, \$6 per yard) to break the whole 175,000 yards of tunnel, would be \$1,025,000; so, there is only one proposition for the city of Victoria, and that is to force the powers that be, to, at once, tunnel with Ocean Point piers and round off a great national work when there is a necessity to find something of a permanent nature to put our boys to work. In looking over the connecting points from the old Indian Reserve with the present tracks land in the yards at the Assembly Plant and speaking to one of the officials of the Foundation Company about what the Canadian branch of their company was prepared to do here in Victoria if given the chance, I told him my object in getting a tunnel, and what should be done to finish the work at the Outer Wharf by continuing the breakwater to the point where the Rithet wharf starts from, and have the fill from the southern end of the harbor tunnel dumped in there and make it possible for us to have a corporation like the Foundation Company build a permanent works here on the peninsula between St. Lawrence Street and the water. They say they will be prepared to put in a plant large enough to build the largest super-

### To Look Young Quickly For Special Occasion

How often have you fussed and puttered with your face on the eve of some important social event when you wanted to look your prettiest, and try what you would you just couldn't get the desired result. You have seen your face become unruddy, exhibiting a careworn and saggy appearance, and crisp-crossed wrinkles which are something that will quickly transform it into one of youthful freshness.

Just get an ounce of powdered sassailla at your druggist's, mix this with about a half pint of witch hazel, and bathe your face in the solution for two or three minutes. Immediately after you feel a "firming up" of the skin and underlying tissue, which naturally rubs out the little wrinkles, worry marks and flabbiness. The contour and general appearance of your face are so improved you will be glad you heard of this simple and harmless method.

Dreadnought ever built on the American continent and out of British Columbia home-made steel. Why not? We have the men with the brains. Give them the chance to put us on our feet, we have the money or the Government now have it; so we are entitled to ask for our share to be spent amongst us in a judicious way, something of a permanent nature that our children will thank us for in the years to come.

In the extra fill in front of the Dallas Hotel there could be four or five spaces left for the laying of keels. It is fact everything can be made to order, and let us build upon sound bases. When the Macaulay Point breakwater is built I think we will have a lasting harbor improvement that is badly wanted to finish off the capital city in respect to shipping.

Now, sir, we see how confident the people are in themselves, and whose sources of our country by backing the national loan. Why not now get the necessary money for the projected iron smelter in British Columbia and bring that under the above heading.

FRANK P. SLAVIN, M. E.

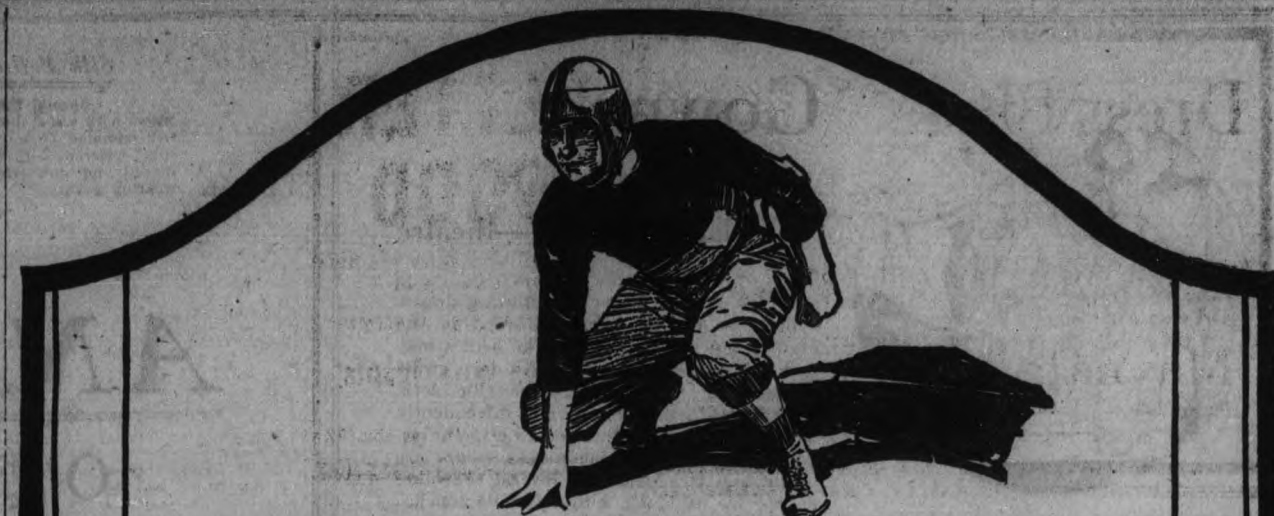

### "WHY DO WE EDUCATE?"

To the Editor.—The Winnipeg Educational Convention has the following in its resolution on the "Moving Pictures": "Whereas, the effect of the moving picture on school children is incalculably powerful for good or evil—therefore be it resolved that this conference direct attention to the vital necessity of developing an active public opinion, demonstrated by attendance at theatres, for the support of good pictures which can only be hoped for where it becomes good business to exhibit such pictures."

From this I gather two clear-cut ideas. First, the moving picture is incalculably powerful for good or evil. Second, we can only have good pictures when the public will turn out en masse and make such things pay as well as or better than our present type of show. This latter is the ordinary cheap excuse that has done duty for a long time. When something isn't working right blame the public—the indefinite everybody. Surely the public owes no duty to the person who wants to exploit it for private profit. Further, such a hopeless vision is unworthy of an Educational Convention. Far be it from us to leave our educational forces to the mercy of profit, or to the thousands of the public to become so much up-to-date on what is going on at the show houses that we would always be ready to turn out and make select ones pay. It might be interesting to find out if really good shows, staged under favorable conditions do not draw full houses. That such a type of show would give work for our present number of theatres, or so intoxicate the public all to make it forgetful of other important activities, is very much to be doubted. But the welfare of the public, and not of the theatre is the point which we expect Educational Conventions to discuss.

To admit the moving picture as one of the strongest educational forces we have, is to place an immediate responsibility upon ourselves for bringing it into efficient and wise educational activity at once. This, of course, brings us face to face with the primary question, "Why do we Educate?" Is it that we may follow as closely as the temper of an impatient public will allow, the old traditional methods which are being so much revised by other nations to-day? Or is it really to prepare the rising generations for the highest expressions of their lives, in a time like this when the labor of all ranks and professions is becoming so much more technical; when our national life is demanding new methods of expression to satisfy our nation's underlying passion for justice, and when our spiritual conceptions are also in life's great crucible that we may get something from them so richly human that it may be divine?

The resolution as given leaves us in the same old wilderness in which we have always travelled a few generations too long. Is our education forever to profess ignorance, at the fountain head as it worships the fetish of the "broken cistern" of the heroes of the past? To speak plainly, we have slept on the most vital problem confronting the nation; we have been satisfied to let well enough alone, while we have been nationally sufficed with cheap party political triumphs and defeats, seasoned with the idea of beating the other fellow to the ranks of the millionaire. In the midst of this gluttonous debauch a new world has grown up around us, and when we come to ourselves we realize that we do not educate for the actual labor of life; that we do not attempt to dis-

## Up On Your Toes

What a thing it is to be fit! To be not merely free from actual sickness, but to be well, absolutely well—and to have the mental vim, stamina, vigor, which go with physical well-being.

But you can't be fit if constipation is constantly breeding poisons, which are taken into the blood and undermine the whole system.

The modern treatment for constipation is Nujol.

The action of Nujol is entirely different from that of castor oil, pills, salts, etc. Nujol is pleasant to take and does not force and weaken the system, nor impair digestion.

Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally. It thus removes the cause of constipation and self-poisoning.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—free, address Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York.

**Warning:** Nujol is sold only in sealed bottles bearing the Nujol Trade Mark as shown here. Beware of products represented to be "the same as Nujol". You may suffer from substitutes.

served in that capacity sufficiently long.

It is presumed that all of the present councillors will seek re-election and Newell M. Spratt, who was a member of the council in 1918, will be among the candidates for 1920 honors.

### R.N.W.M.P. ORGANIZE

Old-timers of Organization Form a Veterans' Association in This City.

The R. N. W. M. P. Veterans' Association met last evening in the Pemberton Building and elected officers for the ensuing year.

Lieut.-Col. J. O. Wilson was elected superintendent for B Division of the Veterans last night, with the following:

allowing to serve under him: Inspectors A. E. Hopkins and Dr. R. R. Riddle; Sergeant-Major G. L. Service; in addition to a committee composed of the secretary-treasurer, Mr. Meakin, and two others, Mr. Meakin is desirous of obtaining the names of all on the island who have at any time served with the R. N. W. M. P., and may be found at the Provincial Board of Health at the Parliament Buildings.

The meeting took exception to the change of name of the old unit to Canadian Mounted Police. The old-timers do not want the name of the corps, which they helped to make the finest of its kind in the world, changed as the traditions and glory of their efforts would be lost. The association will meet the first Tuesday of every month.

## Run Down Nervous Mothers

Gain Strength Rapidly on Vinol

In their zeal to do all in their power for their loved ones, most mothers overwork and soon get in a nervous, rundown condition. Vinol, the non-secret cod liver and iron tonic, is exactly what they need to build them up, make them strong and quiet their nerves.

### Please be Convinced by this Positive Proof

"I was weak, run-down and nervous. I had dizzy spells and no ambition to do anything. I saw Vinol advertised and tried it. In about one week I felt better and it built me up and restored my strength. I want to recommend Vinol to other women who are weak, nervous and run-down."—Mrs. E. Trotter, 2 Grant St., Toronto, Ontario.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol. Your money will be returned if Vinol fails—Leading Druggists.

## Vinol Creates Strength

### SAY MUCH IS WRONG IN EDUCATION SYSTEM

An improvement in the educational system of British Columbia is to be urged on the Hon. J. D. MacLean, Minister of Education, by members of the "Victoria West Brotherhood," including a number of school teachers, as a result of a meeting of the Brotherhood last night in Temple's Hall.

Forty persons attended the meeting and the subjects discussed were: Character Building, Technical Education, Too Many Subjects Taught, Radical Changes Necessary, Nature Study, Too Much Text Book, System Too Rigid, More Scope for Teachers, Overloading and Intractability of School System, Duty of Mothers in Home Education, Larger Stipend for Teachers, Value of Teachers' Confederation, Co-operation of Teachers and Parents, Women Inspectors Necessary.

Among the speakers were F. N. Shakespeare, president, who was in the chair; the Rev. Robert Connell, Leonard Tait, L. A. Campbell, Messrs. Hunkin, Collins, Best, Pope, Waller, Mrs. Graves and Miss Stewart.

### ELECTION TALK BEGINS

Esquimalt Now Contemplating Municipal Possibilities.

Election talk has already begun in Esquimalt as to the probable candidates for office at the next municipal election. In fact, it has been known for some time that A. Lockley was a possible contestant for the reeve-ship, and rumor has it that there is no question whatever about his intention of running at the polls.

Reeve Coles is not inclined to run again for the reeve-ship at the next election, as he feels that he has

lighten the youth on economic justice that we also have very hazy conceptions of what constitutes the highest ideal for a human life. These things, so vital, and so necessary to a wholesome national life and stable Government we have allowed to fall into the hands of the rabble along the wayside, and from these irresponsible sources our race is getting its leadership in practical education; national ideals, and in social justice.

### QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## I.O.D.E. ENTERTAINED

### LADY JELICOE

Big Reception Tendered in Vancouver by Municipal Chapter

\*Vancouver, Nov. 19.—An epoch in the history of the many notable personages, whom the Imperial Order Daughters of the Empire has had the honor to entertain was marked on Monday afternoon when Admiral Viscount and Lady Jellicoe were guests at a reception in the Hotel Vancouver.

There was a large attendance, and as admittance was by ticket only, many visitors from New Westminster and neighboring points suffered disappointment, much to the general regret. In the blue room and peacock alley small tables accommodated the guests, the floral decorations being mauve chrysanthemums, while on the centre table was a basket of orchids tied with mauve ribbon. Pouring tea were Mrs. Herbert G. Ross and Mrs. Arthur Coburn.

Lady Jellicoe, who was attired in a navy and white costume, graciously responded to the greetings of her hostesses. Other guests of honor were Mrs. R. H. Gale, Mrs. de Penier, president of the Local Council of Women; Mrs. S. D. Scott, president of the Women's Canadian Club; Mrs. R. C. Boyle, president of the provincial I.O.D.E., and Mrs. Bushnell.

Viscount Admiral Jellicoe was accompanied by Lieut. L. V. Morgan, M.V.O. On her arrival Lady Jellicoe was presented with bouquet of violets and roses by Mrs. Enthoven, regent of the Municipal Chapter, I.O.D.E.

Assisting in serving the guests with tea were Mrs. Boynton, Mrs. McCrossan, Miss Wright, Miss Violet Holt, Miss Zulette London, Miss Eileen Campbell, Miss Margaret Gordon and Miss Katie Snyder.

Dances.—West Road Hall, Saanich, on Saturday, November 22. Miss Thain's orchestra.

Special Evangelistic Service, Metropolitan Church, to-night, 8 o'clock.

Rotary Club Collections.—The Christmas Tree Committee of the Rotary Club will be composed of H. P. Johnson, chairman; J. Adam, R. H. Brencley, B. R. Ciceri, C. Denham, E. W. Dickinson, T. P. McConnell, P. E. McCarter, A. E. Mallett, A. H. Maynard, Dr. Foyntz, G. F. Pyke, R. A. Ruffe, P. B. Schmeek and P. B. Scurrah.

Struck by Motor.—Joseph Sinclair, of 4 Bay Terrace, while crossing Dallas Road, at Montreal Street, was struck by motor car at 5.45 o'clock last night and knocked to the ground, where he was found by a passerby and taken to his home in a motor car which arrived on the scene.

For knocking Mr. Sinclair down did not stop to ascertain whether there were any serious consequences or not. The matter will receive police attention.

Rotary Club.—The weekly luncheon to-morrow will afford an opportunity to H. A. Davis to speak on old country conditions, and W. B. Anderson on auditing. Next week's meeting will be the three hundredth since the organization of the Club on October 27, 1913. The programme will be a special "All Rotary" bill. The following week has been allotted to E. B. Fish, of Everett, who was prevented by doctor's orders from speaking on October 16.

Lake Hill to Have School Sports.—To provide sports equipment for the Lake Hill School is the task members of the Lake Hill Women's Institute have set themselves. At their meeting yesterday, presided over by Mrs. Simon F. Tolmie, it was decided the first money raised would be at a card party at the school on December 2. Besides raising money, this party will mark the opening of the Lake Hill social season. Mrs. Service delegate to the annual convention, made her report yesterday. It was decided to support and encourage the Nurses' Home. The annual meeting of the Institute will take place in the Lake Hill School at 3 o'clock, December 2. Mrs. Mercer served the tea yesterday.

Mental Work Needs a Stomach

Great Mistake to Imagine You Can Work Better and Faster on the Starvation Plan. Eat What You Like But Follow With Stuart's Dyspepsia Tablets

Mental work uses up energy fast. And energy comes from food. To eat little or nothing in order to do more work is a fallacy. That has created an army of dyspeptics. A better plan is to eat the regular portions of food such as make up the average meal and follow each meal with Stuart's Dyspepsia Tablets.

You will then get a double benefit—energy from food and sociability with meals, for, as a rule, the light eater, or those who shy meals, get into a bad habit, a rut, of hermit-like isolation. Do not be afraid of examining your stomach, heartburn, heavy feeling or coated tongue after meals. Stuart's Dyspepsia Tablets are necessary to relieve these troubles that so frequently distress the mental worker. They contain harmless ingredients which act with an alkaline effect, so you may eat the rich things of the banquet or the savory sausage for breakfast with utmost freedom.

Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, eat freely of what you like and you will do more and better work than on a skimp diet. Try this plan.

## ENTHUSIASTIC SCENES AT BIG LOAN BANQUET

Loan Organization Celebrates Success in Recent Victory Drive

PRESENTATIONS TO HEADS OF COMMITTEE

Spirit of Loan Organization Would Make Great City, Say Speakers

After three weeks of strenuous effort, which carried Victoria far past her objective and far past the mark set in the 1918 campaign, the local Victory Loan organization celebrated its success in good old-fashioned style at a banquet held at loan headquarters last night.

Every member of the organization, with a number of distinguished guests, relaxing from a hard campaign, made the affair one of the most enthusiastic and notable probably since the war. The various officers of the organization were toasted amid scenes of wild enthusiasm and appreciation.

Thanks were conveyed to the representatives of all organizations that had helped to make the drive the splendid success it was. Before the evening was over loving cups were presented to Island Loan Chairman Brigadier-General R. P. Clark and George G. Bushby, the two most widely respected of the loan chiefs; and tokens of esteem were presented to Charles Williams, J. H. Talling and E. J. Down. The last named made a most acceptable chairman for the gathering.

Various speakers, while congratulating the organization, expressed the hope that the same spirit that had made the loan drive reach and pass its objective would permeate the life of the community and make Victoria the gateway of the Pacific. It was remarked, too, that the loan organization had been led by a returned soldier, and composed chiefly of returned soldiers; and it was declared that its success seemed to show conclusively the ability of the returned soldier to return with little trouble to the pursuits of civilian life.

Boish enthusiasm reigned supreme. Between the speeches all joined in the songs which were roared forth in a way that seemed to shake the building; staid business men joined in the jollification like children; loud cheers were accorded the leaders of the drive; at frequent intervals the assembly rose and sang the now famous "Little Prairie Flower," and performed the peculiar gyrations that must accompany this ditty.

Victoria Won Out

"Our objective was a whole lot of money," E. J. Down, who presided, declared in his opening remarks. "Moreover, we beat it by two millions. That was the greatest achievement since a victorious Victoria general led a victorious Victoria army over the top in France. It has been a wonderful drive, and one of the greatest features about it was the way the returned boys showed themselves as capable of business as well as fighting." Mr. Down paid a warm tribute to George G. Bushby, declaring that he had taken over the management of the loan publicity only on condition that Mr. Bushby assist him. The enthusiasm which greeted the remarks regarding Mr. Bushby's work was tremendous, and it was

several minutes before the chairman could make himself heard again.

"We beat Vancouver in the inter-city loan competition," Mr. Down announced, "not only a two and a half to one proportion, but on a straight two to one proportion." This announcement also was greeted with cheering.

Men Needed

After the toast to the King, the Dominion of Canada and "Our Departed Heroes" had been drunk, Mr. Down introduced J. D. O'Connell, vice-president of the Rotary Club, as "one of our most aggressive citizens in things progressive."

"The future of the province," declared Mr. O'Connell, in proposing a toast to British Columbia, "depends upon men like those who have just put over the loan."

"We have a rich province, but no matter how rich it may be, its success will rest with the men who live in it," agreed A. C. Flumerfelt, replying to the toast. "If it is to be a great province it will be due to the work of such men as have run this Victory Loan campaign. Nothing has occurred since I came to the city a third of a century ago that approached the success of this loan. In a financial sense it was thought impossible that the city should invest \$5,000,000 in the loan. Many said it was not going to be done. The impossible has been done by the energy of General Clark's wonderful organization. If this is an omen of what can be done, for God's sake let us start in and make Victoria what she can be. If every one in this city had the spirit of the boys who ran this loan we would have a great city indeed. She can be one of the most beautiful, one of the most prosperous cities on the continent. British Columbia and Victoria are all right and, dependent upon the men who live in them, it is possible for her to take her place in the forefront of the Dominion."

Loan Should Help City.

Proposing the toast to the City of Victoria, Alex. Peden remarked during his thirty-two years' residence here, Victoria had done many things, but nothing that had made him more proud to be a Victorian than the manner in which it had invested in the Victory Loan.

"Sir Henry Drayton, said that the success of the loan would determine the future largely," Mr. Peden continued, referring to possible shipbuilding contracts. "Well, we have gone a hundred per cent over our quota, I hope the Mayor and his colleagues will not forget these facts, that they will see that the future is bright on account of the city's success."

"I have always been proud of Victoria," Mayor Porter, in replying to the toast, asserted, "but I have never been so proud of the city as I am now, after the city has done so well in the loan drive. The future of Victoria is brighter to-day than ever before. The same spirit that put this loan over will carry the city through."

The toast to "His Majesty's Forces" was proposed by E. J. Shimmin, who pointed out that, but for the victory secured by the boys at the front, the only loan to which Canadian would have been able to subscribe would have been one like that forced upon the conquered Belgians. "We owe a debt to the boys that must be paid in no tardy manner," Mr. Shimmin declared. The toast was drunk with great enthusiasm and was followed by the singing of "For They Are Jolly Good Fellows."

A toast also was drunk to General Sir Arthur Currie, who was unable to be present. "For He's a Jolly Good Fellow," also was sung in his honor, followed by rousing cheers.

A plea for assistance to the returned man was uttered by J. Axon, President of the Great War Veterans' Association, in reply to the toast to "His Majesty's Forces." "If the same call were to go forth again," Comrade Axon said, "there would be the same response now as in 1914. The re-

turned man has been born again to work as a citizen of Canada and of the Empire."

"The returned man is thought by (Concluded on page 14)

### SOCCER MEN CALL SPECIAL MEETING TO DISCUSS CASE

Will Deal With McGregor-McIlmoyl Incident Next Friday

At the soccer league meeting held last night Saturday's games were announced as follows:

#### Senior.

Comrades vs. Yarrow's, at Jubilee Hospital. Referee, Pearson.  
Harbor Marine vs. North Wards, at Central Park. Referee, Lock.

West's vs. G. W. V. A., at Beacon Hill lower ground. Referee, Jones.  
K. of C. vs. Army and Navy Veterans, at Beacon Hill upper ground. Referee, Payne.

#### Intermediate.

Yarrow's vs. Postal Service, at Macaulay Point. Referee, Oliver.  
Army and Navy vs. Saanich Rovers, at Work Point. Referee, Horan.  
West's vs. Firemen, at Willows. Referee, Stokes.

Several more changes in the teams are forecasted by the number of transfers and releases that were put through.

The following transfers of players were applied for and granted: J. E. Savident, from the K. of C. to West's Intermediate; J. Roe, from Yarrow's to Harbor Marine; R. V. Lea, from K. of C. to Army and Navy Veterans, and the following releases were announced: From the G. W. V. A., Charman, Salt, Bartholomew, Rudd and McMillan; from the Harbor Marine, Newbiggin, Alcock and Buck.

The proposition of a sporting alderman was explained to the meeting and Vice-President Mesher was selected to attend the meeting to-night at the K. of C. Hut, when it is expected that candidates will be nominated. A special meeting will be called to deal with the McGregor-McIlmoyl incident. All witnesses and delegates are asked to attend the meeting, which will be held Friday night at the K. of C. Hut.

On motion of Delegate Briggs, of the Foundation, seconded by Delegate Knight of the Postal Service, it was decided that in future, when a player is ordered off the field, he will be required to appear at the next regular league meeting with all the necessary witnesses to answer any charges laid by the referee. The referee will also be required to attend at the same time, and the player will be suspended until such time as his case has been dealt with. A meeting of league referees will be held next Tuesday in the K. of C. Hut.

#### Referees to Organize.

There will be a meeting of the football referees of Victoria at the K. of C. Hut at 7 p.m. on Tuesday next for organization purposes. There will not be any meeting this evening as had been previously announced.

R. A. Sedger, of the Harbor Marine, who was sent from the field by Referee Pearson last Saturday, will be given an opportunity to answer the referee's charges on Tuesday evening next. The referee will also put in an appearance at this meeting.

In the unavoidable absence of Secretary Hill last evening the secretarial work devolved upon W. J. Teifer.

#### COMRADES SOCCER.

There will be a meeting to-morrow evening at the Comrades Club rooms of the Comrades football team. Every one of the members of the team is earnestly requested to attend this meeting as the business is most important.

#### WITHOUT APOLOGY.

All the world's a links. And all the men and women merely golfers; They have their victories and their defeats. And one man in his time plays many rounds. His games having seven stages. At first the Caddie and his little arms; Then, the truant School-boy, with nimble feet. And fun-expectant face, keeping away Most willingly from school. And then the Lover. Playing sweet twosomes; with woeeful excuses Made for his mistress' foomies; then a Star Player Full of strange oaths, and critic of his "pard." Jealous of "honors," graceful and quick in driving. Seeking the bubble reputation Even in the championships. And then the "Has Been." In fair rounds only, a bit stiff-joined. With eyes of care, thin hair, of Nature's cut. Full of "I saw's," and reminiscences; And so he plays his part. The sixth stage shifts From "knickers" to the quiet pantaloons. With spectacles on nose, and watery eyes. His youthful clothes exchanged; the links too long. For his shrunken stroke; and his big, raucous voice. Turning again to childish treble, chattering. At clubhouse. Last round of all That ends this strange, eventful history. He lies in "long grass," past "recovery." Sans score, sans club, sans ball, sans everything. —Judge W. B. Wallace, Halifax, N.S.

## SPORTING NEWS

### EAGLE EYE ONLY LOST OUT ONCE AND THEN HECK FOWLER BEAT HIM

HUGH LEHMAN

Vancouver, B. C., Nov. 18.—Twenty years in the game and still going strong, Hugh Lehman, more familiarly known to the hockey world as "Old Eagle Eye," will return to the Pacific Coast Hockey Association again this season. His signed contract has been returned to Frank Patrick and the player himself will report on December 18, the date fixed for the first official practices of the coast clubs. Lehman is regarded by the majority of coast fans as about two-thirds of the strength of any hockey combination and he has enough of the old cunning in reserve to take care of wicked drives from the shooting irons of any puckchaser in captivity to-day. With him back in the goals the Vancouver Millionaires will be out there giving the opposition plenty of battle for titular honors.

Lehman is the daddy of them all when it comes to the goalkeeping end of a hockey club. Anytime a man can go through twenty-years of hockey, playing the one position all of the time and displaying sensational form practically every game, there must be more than ordinary luck to his display, and that is Lehman's record in a nutshell. He has his off days, "his true, but they are few and far between, and any club playing in front of this wizard of the net is pretty well fortified, we'll tell the universe.

The veteran has had twenty years in the most thrilling of world sports, the last eight of which have been spent in the Pacific Coast Association. He made study of the goalkeeping art from the start and possesses a wonderful eye. While he also takes a whirl at lacrosse and baseball it is in hockey that he made an enviable name for himself. During the years he has played in the West he has figured on three champion clubs and with but one exception has always been selected for the goalkeeping berth on mythical all-star teams. Heck Fowler, this season with Victoria, beat him to the place in 1917. But records show that for year in and year out Lehman has them all beaten with the lowest average of goals scored against him than any other goalkeeper in the sport. In 1912 while with New Westminster he only allowed 77 shots to slip through in fifteen matches. In 1913-14 only 71 goals were scored in seventeen matches. In 1917-18 there were 63 put into the net in 20 matches, while last year he held the opposition to 55 in twenty games.

#### In Hockey Since 1903.

The Vancouver star broke into organized hockey in 1903, playing with Pembroke, Ont. for four seasons before he went to the Canadian Soo. He returned to Pembroke and then went to Berlin, Ont., now known as Kitchener and had the unique experience of playing for the Stanley Cup twice in the same season and with two different clubs. First he played with Galt against Ottawa and then when Berlin played Montreal Wanderers he was in the former line-up. As he has already played in one series for the cup the trustees would not give Berlin more than one game for the trophy and that went to Wanderers. The score was 7-4. In 1911 he came west, joined New Westminster for the first season of the ice sport on the coast and then came to Vancouver the following season and here he has been ever since. Lehman has made a pretty good record for himself in hockey, not only in goalkeeping but in good behavior. Only twice has he been banished for infractions of the rules. And he has also been a near scorer. On one occasion while playing for Westminster against Vancouver he took the puck down the ice and slipped it over to Jimmy Gardner. Jimmy was supposed to pass it back but failed in his mission and Lehman lost the only real chance he ever had to score a goal.

### Picking 'em Up Around the Sport Camps

On the street car coming home from one of the first of the season visits to the rink. "Would you take my seat madam?" No thank you, I'd rather not sit down any more."

A provincial marble championship game has never yet been held, but it is a real fact that the members of one of the best known athletic clubs of the city were playing the game with enthusiasm of I. W. W.'s at a recent conference at one of their recent scheduled workouts.

Nobody took it seriously at first but the idea is growing like weeds in the potato patch. A sporting alderman elected on the sportsman's ticket according to a lot of the sport fans is going to be a clinch. It is anticipated that there will be no difficulty at all in finding a couple of men willing to stand.

"Give us eight more good men," said one of the supporters of an intermediate soccer team, "and we will run right through to the championship." Eight was all he asked for!

It speaks worlds for the health giving climate of Victoria that one of the sportsmen who has been a most regular and successful deer hunter of the season is a man over seventy years of age.

"Isn't this one just too cute?" gurgled a Mary Pickford model as she slipped a peaked cap like the Athletics wear, on her head, then pulled it over one eye—just as though she were going to play the sun field, in a way a Sporting Editor writes on his trip around the millinery stores.

When it comes to shapes and styles, he says, women's hats appear to be erratic as a preliminary boy in his first fight; and as for colors, they certainly are as wild as a bush league southpaw. The price tags resemble nothing so much as Willie Hoppe's high run in a billiard tournament.

#### NO CITY CHAMPIONSHIP.

Montreal, Nov. 19.—At a combined meeting of the M. A. A. A. and McGill rugby clubs held last night at the M. A. A. A. clubrooms, the decision was reached that there shall be no city championship game between the two city champions on Saturday night. This decision was reached after a conference which lasted for upward of two hours.

## Hockey Rugby Billiards Boxing

### OAK BAY CLUB IS IN ATHLETIC ARENA

Newly Formed Organization Aims to Become Centre of District

Basketball, punchball, chess and draughts will be among the recreations of Oak Bay Club which has been organized with a membership of about twenty-five enrolled at the initial meeting held at the St. Columba Hall, Redfern Street. Membership is open to men and boys of the district and the club is being fitted up for the games mentioned. Books, magazines and papers will be available for any who may wish to spend a quiet evening.

The chair was taken by Col. the Rev. G. H. Andrews, who was unanimously elected President of the club, the other officers being Vice-President, P. D. Gospe; Secretary, J. T. Marshall, and Treasurer, Mr. Webb. The club will be open for men on Monday, Wednesday and Friday from 7.30 p.m. to 10 p.m. For boys fourteen to seventeen on Wednesdays from 7.30 p.m. to 9.30 p.m. For boys under fourteen on Fridays from 7.30 p.m. to 9 p.m.

At Monday night's meeting discussion took place regarding a suitable name for the club and it was finally decided it should be known as "St. Mary's Club for Men and Boys." Further particulars may be obtained from J. T. Marshall, 2133 Saratoga Ave. The committee is anxious that all men and boys in Oak Bay district will become members and make this club the great social and athletic centre of the district.

### BROAD ST. BILLIARDS

Broad Street Billiard League matches have been played, the latter end of last week and this week in the Broad Street Billiard League as follows: Taylor's team beat E. Newman's by 42 points, Penton's team beat Snell's by 53 points, Penketh's team beat Gardner's by 148 points, Buckett's team beat E. Newman's by 96 points, Owen's team beat Orchard's by 152 points. B. Newman's team beat Gardner's by over 100. In the match between Owens' team vs. Penketh's all played, but the captain, who play to-night at 8 p.m. Both are clever players, and this match should be worth seeing. In order for Owens' team to win he has to beat Penketh by over 100 points in 300 up.

The game for to-night is Buckett's team vs. Taylor's at 8 p.m.

## RECORD PRICE FOR U. S. BRED RACEHORSES

New York, Nov. 19.—A record price for a United States bred race horse was paid by Gifford A. Cochrane, of New York, for Major August Belmont's stallion Fair Play, sire of Man o' War and Mad Hatter. The animal sold for \$100,000 in cash and

the privilege of breeding ten mares to him each year for three years. The son of Hastings and Fairy Gold, therefore, was disposed of for the equivalent of \$120,000, it was estimated. The previous highest price paid for a horse bred in the United States was \$70,000, which the late William C. Whitney gave for Ham-burg. The imported racer Rock Sand was sold by Major Belmont in 1912 for \$150,000.

Beautifully cool and sweet smoking.

### YOUNGSTERS ARE KEEN TO MASTER BOXING

Thirty Pupils Took Advantage of Free Lessons Last Night

The most optimistic hopes of the promoters were realized at the free boxing class at the Victoria West Hall last night. Over thirty youngsters, ranging in ages from ten to fourteen years of age, put in an appearance, and, after a little reluctance to open the show, were soon busy mastering the rudiments of the art.

W. H. Davies superintended the instruction, and will call upon other men to help during the sessions. There was one youngster of ten years of age who made the journey all the way from Swan Lake to attend the classes and carried his enthusiasm into his period of instruction. He was singled out as one of the most promising youngsters of the number in attendance, in spite of his tender years.

The classes will be held Tuesday and Thursday evenings during the winter months, and the time has been advanced in order that the pupils may leave in good time. Lessons

will start promptly at 7 o'clock and will last until 8 o'clock. It is pointed out that the lads in attendance are not called upon to enter competitive events unless they wish to do so, and also that the ability to exchange a lot of hard blows is not the ambition of the instructors to impart to the pupils.

### READY FOR BOUTS

ZBYSKO

the famous wrestler, who is ready to appear on his return from Poland.

### HERMAN IS INJURED; LOSES TO PHIL BLOOM

Halifax, Nov. 18.—In the boxing bout last night between Kid Herman, of New York, and Phil Bloom, of Philadelphia, Bloom won in the fifth round. Up to that round the fight had been excellent. At the end of that round Herman injured his arm and was examined by two doctors, who advised him not to continue. The decision went to Bloom on a technical knock-out.

### FIFTEEN SELECTED FOR SATURDAY'S BIG GAME

The following fifteen have been selected to meet the players of H. M. S. New Zealand, at Oak Bay Saturday. The representative team named will give an idea of the team to play in the first inter-city game at Victoria, November 29. The names of Sholto Gillespie and D. M. Grant are absent from the line-up, both players suffering from slight injuries.

Fullback, Williams (Wanderers); three-quarters, Ker (Wanderers), G. C. Grant (Wanderers), W. Wilson (V. I. A. A.) and J. Matson (V. I. A. A.); half-backs, Robertson (Wanderers) and Grubb (V. I. A. A.); forwards, Ackland (Wanderers), Penderay (G. W. V. A.), McRae (V. I. A. A.), Clark (V. I. A. A.), Lewis (V. I. A. A.), Robinson (Wanderers) and Helgeson (V. I. A. A.); Reserves, Tomalin (V. I. A. A.), Bendrodt (J. B. A. A.), Wilson (Wanderers), Travis (J. B. A. A.), Green (Wanderers) and Sanson (J. B. A. A.).

### NORMAL BASKETBALL PLAYERS ARE BEATEN

In a basketball series between the Vancouver and Victoria Normal School boys' and girls' teams, Vancouver won one match and tied in the other. The girls played to a 15-all tie while the boys' game resulted in a victory for Vancouver, the score being 19-14.

### U. S. BOXERS ON TOUR RECEIVES BAD SETBACK

New York, Nov. 19.—The American national amateur boxing champions touring the Scandinavian countries received a setback in their first appearance last Saturday at Copenhagen, according to a cable message received to-day at the headquarters of the amateur athletic union here. Aston Donze, of New Orleans, 115 pounds, won his bout, but Frank Cassidy, of New York, 135 pounds, and John Burke, of Pittsburgh, lightweights, were outpointed.

### ENGLISHMEN TO TRY FOR SPEED BOAT TITLE

New York, Nov. 19.—America's challenge for the Harmsworth trophy, emblematic of the world's speed boat championship, has been accepted by the Royal Motor Yacht Club of England. It was announced to-day by the American power boat association. The association sent its challenge last September.

### SNIPERS' SEPTETTE SWAMPED OAK TEAM

In a game of hockey played at the Arena last night between the Snipers and Oak Bay, the former won by a score of 14-0, the score being a very good indication of the play. Moody, left wing and John Wright, centre, scored six goals each for the Snipers; Adams and Goodacre being responsible for the remaining two.

The Snipers will play the Ward Juniors at 7:15 o'clock next Tuesday, having already registered a winning in competition with this team.

### VICTORIA SKATING CLUB TO RE-OPEN

Arrangements are now virtually complete for the first meeting of the Victoria Skating Club to be held on Monday next at five o'clock. Music of the latest character will be provided, and it is hoped that all members will be in attendance as early as possible, preferably at the tea hour, as upon this will depend the success of the tea arrangements now being planned. The committee has announced that the membership lists will be closed on Saturday morning. The work and responsibility attaching to the organization and running of the club make it imperative that all the members lend their fullest support to the venture.

### BRIDE HONORED BY FRIENDS.

At the home of Mr. and Mrs. W. H. Dinmore last evening a very delightful "surprise" was given in honor of Mrs. Wilman Parker, nee Miss Jean Hendry, who is leaving the city shortly to reside in Vancouver. A pleasant time was spent by all present and during the evening a table well laden with choice gifts surrounded by a dainty "kewpie doll" and ribbons was drawn in and presented to the bride, the host in few well chosen words expressing the felicitations and well wishes of all for her future happiness. Mrs. Parker very feelingly replied. In addition to the host and hostess those present included the Misses O. and W. Sherwood, A. Hendry, G. Ridout, C. McGregor, P. McMillan and Capt. and Mrs. F. H. Griffiths, Mr. and Mrs. Jas. Dinmore, Mr. and Mrs. C. Hopper, Dr. and Mrs. W. Russell, Mr. and Mrs. R. George, Mr. and Mrs. J. W. H. King. Delightful refreshments were served by the hostess.

### FALLS OVER CLIFF INTO ANGRY STREAM

John Moran, Member of Survey Party, Loses Life at Jordan River

Falling from the top of a steep bank into the Jordan River, forty feet below, John Moran, a returned soldier engaged with a survey party, was swiftly carried to his death in the angry waters of the Jordan River Canyon about 4 o'clock yesterday afternoon.

P. W. Racey, of Vancouver, was in charge of some survey work near the big plant of the Vancouver Island Power Company at Jordan River. With A. King, foreman, and Moran, Mr. Racey was running a line along the bank of the stream, the men being strung out some distance apart. Suddenly Moran was seen rolling down the steep cliff, plunging into the waters below, when he was soon carried into the turbulent waters of the canyon, the recent heavy rains having turned the river into a great torrent.

Moran's body disappeared into the canyon, and though the other men rushed to the water's edge as quickly as possible, they were powerless to render any aid whatever. The body was sought until a late hour last night and again to-day, but as yet no trace of it has been found. The matter was reported to the Provincial Police, who will endeavor to locate the body. It is believed that Moran was a single man and had belonged to the Timber Wolves Battalion. The only explanation that can be offered for the tragedy is that Moran, walking near the edge of the cliff, must have slipped on the wet ground and was precipitated over the bank. Up to noon to-day the body had not been recovered.

### AID IN RELIEF OF RETURNED MEN IN DESTITUTE CASES

Unnecessary suffering and hardship exists among returned men owing to the absence of co-operation between the various organizations created to assist needy cases. There is no reason why this should be; funds are available to alleviate cases of distress, and if the necessary co-

operation existed much unnecessary suffering would be prevented.

A case in point is that of a returned man, who, while vainly seeking employment, was endeavoring to support a family on nothing. His condition was known by several, but it was not until endurance had almost reached the breaking strain that the case came to the notice of those able and ready to assist.

Co-operation is essential, and to that end it is suggested that a con-

ference of one delegate from every organization existing for the purpose of assisting the returned men, and a representative from the Provincial Government and City Council, should be called at an early date to consider the most effective means of co-ordinating the work.

Coal Embargo Not to Hurt B.C.—Ottawa is arranging regulations so that the embargo on the export of coal from Canada will not affect the

export business of British Columbia, according to a telegram the Hon. S. F. Tolmie, Minister of Agriculture at Ottawa, has sent to the Hon. William Sloan, Minister of Mines for British Columbia. In reply to the latter's query, Hon. Dr. Tolmie telegraphed: "New arrangements for licensing coal to export will not interfere with production and will reduce inconvenience to shippers to a minimum. I am keeping in close touch with the situation."

## Cosy Heat Always

It will do your heart good to see how the children enjoy the bath—with the genial warmth of the Majestic concentrated where needed!

Instead of fussing with the furnace to get up the extra heat you simply bring in the Majestic and turn on the electricity. Press the little

handy switch on the cord, and the heat is on or off, as you please.

How easy!

And it won't make the room stuffy. It can't! The red-hot glowing coil doesn't use up the oxygen of the air. Be sure you get the

## BRITISH FIRM MAY BUILD COASTING BOAT FOR C. P. R.

Manager of Coast Steamships Will Visit Old Country Yards Before Order Is Placed for New Passenger Ferry Steamer

For the purpose of sizing up the shipbuilding situation in the United Kingdom and possibly to place an order with one of the Old Country firms for the construction of a new steel passenger steamer for the British Columbia coastwise passenger trade, Captain J. W. Troup, manager of the British Columbia Coast Steamship Service, after conferring with the company officials at Montreal, will take passage to England.

For some time past the C. P. R. has been contemplating the construction of a new steamer to replace the lost Princess Sophia and a number of Western shipbuilders were asked to submit tenders. Among the firms tendering bids for the contract were: Harbor Marine Company, Ltd., Victoria; Yarrow, Ltd., Esquimalt; and the Wallace Shipyard, Ltd., North Vancouver.

While the Canadian Pacific has not abandoned its plan to have the vessel built in Canada and preferably in the West, it is proposed to secure Old Country quotations on tonnage before a final decision is reached.

To inspect famous yards. On his tour to the United Kingdom, Captain Troup will pay a visit to some of the famous shipbuilding yards on the Clyde and the Tyne and incidentally will inspect the plants of the well-known British firms which have hitherto supplied tonnage for the C. P. R. coasting services.

The C. P. R. needs more coasting tonnage badly and but for the inflated cost of construction would have placed a contract some time ago.

Increased cost. It is estimated that under the existing labor conditions and the increased cost of shipbuilding materials the cost of one ship of the type proposed will be approximately three times as great as the cost of one of the larger vessels now in commission. In other words, a vessel built at present-day prices will cost as much as three of the fine passenger ferries which daily ply out of this port in the Gulf service. Captain Troup left here armed with a mass of data and before crossing the Atlantic he will go thoroughly into the matter with the head officials at Montreal.

## PEOPLE TO VOTE ON TRANSFER OF ST. JOHN HARBOR FACILITIES

St. John, N. B., Nov. 18.—The city commissioners yesterday took the first step toward ascertaining the wish of the people with regard to the transfer of the harbor facilities and placing them under a Federal commission. There were objections to the scheme but the commissioners decided that the matter should be left with the people. With this object in view a resolution arranging for the delivery of the harbor property to the Dominion Government under certain conditions was passed. The items agreed upon were those submitted by the Dominion House and provided for the payment of \$2,000,000 to the city. The ferry property is to be retained by the city. The deed to the property is not to be drawn up, but the conveyance is not to be operative until the vote of the citizens is taken.

## FOUR BIG BOATS FOR C. S. K. LINE

Japanese Line Going Ahead  
With Plans to Develop  
Passenger Business

Supplementary to previous announcements concerning the development of the Osaka Shosen Kaisha passenger services by the addition of larger tonnage comes the announcement from the Far East that the O.S.K. plans the construction of four new passenger liners that will compare with the big C.P.O.S. liners to meet the increasing competition on the Pacific.

It is predicted that two of the vessels will be in operation on the trans-Pacific route between Oriental ports and Victoria and Seattle by next summer. The Osaka Shosen Kaisha has been studying the development of trans-Pacific passenger travel, and it has been definitely planned to build larger and faster liners to meet this condition. During the past three years the trans-Pacific passenger trade has made wonderful strides, and the established lines have had difficulty in handling the business. Passenger liners have been booked full months ahead and much inconvenience has been experienced by travelers crossing the Pacific Ocean.

C.P.O.S. Liners. The Canadian Pacific Ocean Services, Limited, is building two new passenger liners for the trans-Pacific route, the Empress of Canada and a sister ship, both of which will be fifty feet longer than the Empress of Russia, and will embody all the latest improvements and a number of innovations especially designed for tourists. The Empress of Canada will be in service on this ocean by next summer.

The Nippon Yusen Kaisha has announced that it is building three new passenger liners of 20,000 tons which will have the speed of the Mauretania. Despite a steady improvement in service on the trans-Pacific route, the Canadian Pacific Ocean Services, Limited, the Nippon Yusen Kaisha and the Osaka Shosen Kaisha have been unable to take adequate care of the enormous passenger business offered on both sides of the Pacific. The Nippon Yusen Kaisha, during the war, placed four of the European liners in the trans-Pacific trade, and has been gradually improving the service, yet it is impossible to secure a berth, outside of cancellations, aboard one of the outbound ships of the fleet before the early part of next year.

The Japanese steamship companies are alive to possibilities on the Pacific and are making a strong bid for the passenger trade.

## VESSELS' MOVEMENTS

Steamer arrivals, Nov. 18.—Cassara, at Glasgow from Montreal; Corsican at London from Montreal; Francis at New York from Havre; Lapland at Southampton from New York; Staverfjord at Bergen from New York.  
Seattle, Nov. 18.—Arrived—Steamers Lyman Stewart, Oleum; Port Angeles, San Francisco; Katori Maru, Hongkong; Jefferson, South-east Alaska; President, San Diego. Sailed—Steamers Argyll, Oleum; Rainier, San Francisco; Queen, San Diego; Chicago Maru, Hongkong; schooner Ichirawa Maru, Yokohama. San Francisco, Nov. 18.—Arrived—Steamers Architect, Seattle; South Bend, Colon. Sailed—Steamers Huxton, Nlle, Hongkong; Dewey, Liverpool.  
Portland, Ore., Nov. 18.—Arrived—Steamer Colonel E. L. Drake, El Segundo; steamer W. F. Herrin, San Francisco.  
Yokohama, Nov. 18.—Arrived—Steamer Methven, Vancouver; Windberg, Portland, Ore.  
Singapore, Nov. 11.—Arrived—Panama Maru, Tacoma.  
Hongkong, Nov. 10.—Sailed—Iconium, Seattle; Wheatland, Montana, Seattle.

## STATES DEVELOPING ALASKA COAL FIELDS

Seward, Alaska, Nov. 19.—Fifteen carloads of Alaska coal from the Matanuska fields near Anchorage, Alaska, have just been loaded on to the naval collier and radio tender Saturn and will be taken to the Puget Sound naval yard at Bremerton, Wash. The coal was brought here by the United States Government railway. Seward people celebrated the departure of the coal, as the shipment was the first of its kind ever taken from here. According to word from Washington, D.C., the Navy Department expects to develop the Alaska coal beds next year.

## O. S. K. SHIPS AWAY.

After completing the discharge of her inward cargo the O. S. K. liner Manila Maru left port early this morning for Seattle.

The Chicago Maru, of the same fleet, left last night on her outward trip to the Orient.

## ARCHITECT AT 'FRISCO.

The Harrison Direct liner Architect reached San Francisco yesterday from Victoria and Seattle. She is bound to the United Kingdom via the Panama Canal.

## AT NEW YORK.

The Blue Funnel liner Eurypylus from Oriental ports via Comox, B. C., reached New York on Monday.

## SHORTAGE OF SHIP'S OFFICERS IN JAPAN

Men of Mercantile Marine Are  
Leaving Service For More  
Attractive Work Ashore

Shortage of ship's officers and engineers continues to be one of the most serious problems incident to the shipping trade of Japan.

Ship's officers and engineers in Japan are known as "koto-senjin," (high-grade seamen), and those who desire to become koto-senjin must take out official certificates. According to the latest investigations in Japan the holders of these certificates numbered 34,376 at the end of last year, and of that number only 4,301, or about ten per cent, were graduates of the Tokyo Mercantile Marine school and other nautical institutions, the remaining ninety per cent, having acquired the necessary certificates after practical experience at sea as ordinary sailors or stokers.

Statistics show that in four years there has been only an increase of about thirty-eight per cent. On the other hand the gross tonnage of all classes of Japanese ships at the end of 1918 amounted to about 3,000,000 tons gross as against 2,500,000 tons gross at the end of 1914.

These figures are given incidentally as an illustration of how Japanese statistics are often misleading. In view of the fact that officers and engineers increased by thirty-eight per cent, between 1914 and 1918, while there was an increase of only twenty per cent to tonnage, it may at sight appear incredible that there should be a great shortage of the koto-senjin. But the fact is that the number of officers and engineers given representation that of the holders of koto-senjin's certificates, not that of those who are actually at sea. Quite a large percentage of the koto-senjin are not serving on board ships. No less than 756, graduates of the Tokyo Mercantile Marine School or about thirty per cent, out of a total of 1,962 at the end of last year were engaged in work on land. Moreover, most of the koto-senjin who attained that status after serving as ordinary sailors, who number ninety per cent, of the total number of koto-senjin, are working on ships in the coasting trade and not in the ocean trade. A considerable number of officers and engineers have abandoned their sea-going careers to start in new occupations. With the handsome allowances they were given during the war, on the other hand, about 700,000 tons of new ships will be built this year, and shipping companies have arranged to construct many additional ships. The establishment of new shipping companies has accentuated the shortage of officers and engineers. It is said that the Kokusai Kaisha Kaisha has engaged ship's masters and other high-class seamen at double and treble the salaries paid by the Nippon Yusen Kaisha and the Osaka Shosen Kaisha, with the result, it is said, that the N.Y.K. is short of 200 officers and the O.S.K. of 300.

## Bad Breath IS CAUSED BY CATARRH

Canadians suffer more from Catarrh than from any other disease. On this account Catarrh is dangerous and should be checked at the outset.

It isn't necessary to take internal medicine to cure Catarrh. There is a far better method.

Doctors now treat Catarrh by sending a purifying, healing vapor through the breathing organs. In this way the germs of Catarrh are destroyed.

The only successful vapor treatment is CATARRHOZONE, which the patient breathes through a special inhaler to the real seat of the trouble. The rich, piney essences of Catarrhozone heal and soothe all inflamed surfaces. They effectively treat the nose, throat and lungs with a powerful antiseptic that destroys irritation at once.

Catarrhozone brings into the system the balmy air of the pine forest. It cures completely colds, coughs, catarrh, weak throat, and bronchitis. Once tried, Catarrhozone is always used. Nothing so pleasant, so simple, so quick to relieve, so absolutely sure to permanently cure. Accept no substitute. Large size lasts two months, and costs \$1.00; small size 50c; sample trial size 25c; at all dealers.

## EXPECTS MORE SHIPBUILDING IN CITY SOON

J. O. Cameron Declares Loan  
Should Result in Industrial  
Revival

"I think we shall have our shipyards open again soon," J. O. Cameron, President of the Board of Trade, and head of the Cameron and Genoa Bay Lumber Companies, declared at the Victory Loan banquet last night.

Mr. Cameron, it will be recalled, was one of the business men who urged upon Sir Henry L. Drayton, Minister of Finance, the necessity of placing further shipbuilding contracts here. It was Mr. Cameron's suggestion, to which formed the basis for the plan which was laid before the Minister.

"Vancouver Island is the greatest part of British Columbia, and God Almighty has done more for Vancouver Island, set away off here on the Pacific, than any other place of a like size," he said.

"The success of the loan," said Mr. Cameron, is evidence that the people have faith in Vancouver Island, in British Columbia, in Canada. When Sir Henry Drayton was here he intimated, though he did not give a definite promise that if we would get something done if we succeeded. We have succeeded. I think we shall see something happening here soon. I think we shall have our shipyards open again soon. We shall see our ships—not foreign ships—built here sailing the Pacific and carrying the products of our forests, mines and fisheries to the markets of the world. The loan will help us to do this and do it right away. The Board of Trade is behind every movement which is designed to bring about a revival of industry and to get rid of the idea that this is a city in which to live and die. It's a place in which to do business!"

## PRINCE IS GREETED BY GREAT THROG

New Yorkers Crowd Wall  
Street and Cheer  
Him

New York, Nov. 19.—Wall Street was invaded to-day by a cheering, determined throng which gave the policemen a feverish hour in its anxiety to see and cheer the Prince of Wales. The occasion was the latter's visit to the heart of the United States commercial world, down the narrow streets of which he came through crowds which left scarcely enough space for his car to pass.

The Prince was due at Trinity Church at 11 o'clock and long before that hour the neighborhood was filled with eager people. The chiming of Trinity played "God Save the King" at intervals. Overhead, on many floors of the skyscrapers, the Union Jack and the Stars and Stripes fluttered side by side and when presently the looked-for visitor came down the way paper streamers sent from a thousand windows, directed at the Prince's head, as if the marksmen would fain establish a link between themselves and him. Business was demoralized when office staffs joined the crowds. Men even left the trading floors to watch, and serious-minded business men rubbed the street dust from the windows to get a better glimpse.

Cordially. Nominally the Prince was visiting the Stock Exchange and Sub-Treasury on Wall Street. Actually his reception came from the thousands of business people of all ranks whose business prevents them from attending functions elsewhere. And their reception had the same note of cordiality which distinguished the great scenes in the opera house last evening when dignity was forgotten and fashionable New York rocked the great building with its welcome.

## MAYOR GALE SENDS CONGRATULATIONS TO GENERAL R. P. CLARK

Mayor Gale, of Vancouver, conveyed his congratulations on Victoria's success in the Victory Loan to Brigadier-General Clark, Island Loan Chairman, in the following telegram received here to-day:

"Thanks for telegram fifteen. Please accept my sincerest personal congratulations as well as the congratulations of the citizens of Vancouver, for the excellent results obtained. I am confident that the success of the 1919 Victory Loan will mean much to British Columbia. The citizens of Victoria must feel very grateful to you for having thrown your genius for leadership into the campaign. It is a good work well done, and we are all very proud of you. Kind regards."

## CONSTITUTIONAL PARTIES VICTORIOUS

300 of Their Candidates  
Were Elected in Italy; 120  
Socialists

Rome, Nov. 19.—Latest election reports indicate that the Constitutionalists secured 300 seats in the Chamber of Deputies in the recent general election. The Socialists elected 120 and the Roman Catholics 90.

Official reports from districts in this city show the election of four Roman Catholics, four Ministerialists, four Socialists and one each by the Nationalists, Republicans and Independent Liberals.

Elected. Among those who were successful at the polls were Professor Luigi Luzzatti, former Minister of Agriculture; Ferdinand Martini, former Governor of Fribourg; Leonida Bisolati-Bergamascchi, former Minister of Military Aid and war Pensions; Carlo Ferrari, Minister of Industry, Commerce and Labor; Signor Daneo, former Minister of Finance; Signor Sacco, former Minister of Justice, and Signor de Nava, Minister for Liberated Provinces.

Those defeated include Signor Dacomo, Minister of Military Assistance and Pensions; Pietro Bertoli, former Minister of Public Works; Sacco, former Minister of Public Works; Signor Rava, former Minister of Finance; Signor Bevione, editor of The Turin Stampa, and Signor Foscarini, former Under-Secretary for the Colonies.

## AEROPLANE SERVICE.

Buenos Ayres, Nov. 19.—Representatives of the Handley-Page Company, just arrived here from England, announced the intention of the company to establish an aeroplane passenger service between Buenos Ayres and other points on the east coast.

## FINNISH TRADE.

Washington, Nov. 19.—Direct traffic between Finland and South America has been established by the Swedish Johnson Steamship Line, a dispatch to the Department of Commerce to-day states. One vessel already has left Helsingfors for Buenos Ayres with Finnish goods.

## AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleaning, because the skin pores do not absorb impurities into the blood, causing ill-health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to show the value of inside bathing.

## DAY STEAMER TO SEATTLE

## ROYAL VICTORIA

The Royal Victoria theatre will present again to-night "Cleopatra," the widely heralded film version of the loves of Egypt's siren queen.

Described as a film spectacle of surpassing beauty, "Cleopatra" bares on the screen the passions of the vampire of the Nile. The ancient siren is said to be admirably impersonated by the foremost modern exponent of siren roles. The filmed "Cleopatra" depicts that lady's historical encounters with Caesar and Antony, and the meeting of her army and that of Antony with the forces of Octavius. It shows, as well, the world's first naval battle—the battle of Actium—where the combined fleets of Antony and Cleopatra were routed and finally burned to the water's edge by the Romans.

Ancient Rome and Alexandria were recreated in California, where "Cleopatra" was filmed under the direction of J. Gordon Edwards. The Roman Forum was reproduced and there is shown the death of Caesar. Cleopatra's famous barge once again moves majestically over the water, and the famous feasts of Egypt's queen, those feasts which by their extravagance dazzled the eyes of Caesar, and Antony, are shown in all their sumptuousness.

## VARIETY

The film for "Nine-Tenths of the Law," the feature photoplay booked for showing at the Variety this week, and which has been delayed in transit by the slide in the mountains will arrive to-day in time for the matinee performance, and patrons who have been looking forward to seeing this fascinating story picture of the North-woods, will not now be disappointed.

## PANTAGES

Seven acts count them. They make some hand.

The ace of diamonds is a rare gem that radiates charming vocal and instrumental renditions from the brilliantly harmonious color scheme of the Beatrice Morelle Sextette. These Sweet Sisters dance not, neither do they giggle, but as artists in the acquaintance of music, they have no peers.

The aerial acrobats are represented by the Four Casting Campbells whose thrilling performances keeps the attention tense.

Now we pick up the ace of hearts introduced by Gene Mason and Fay Cole, under the heading of "Just for a Kiss." Their turn is next and pretty and Fay has a gown that sets them all talking.

Then there is Jessie Maker and Billy Redford who represent the ace of spades—because they dig deep for popularity. They are among the cleverest of entertaining duos.

The ace of clubs are two dark men who fancy fair ladies and the Oklahoma Four lay out an entertainment invented with the atmosphere of the West that makes one long for the life they lead.

Two aces, with a queen standing by, is found in the offering of the Alexander Brothers and Evelyn, which opens the show with a punch, and an ace high whistler is Arthur Barret who makes the seventh prime attraction on a very fine bill of vaudeville at the Pantages this week.

## CONSERVATIVE BODY SEEKS TO EXPEL PRICE FROM PARTY

Adjourns Meeting Until Action Has Been Taken For Withdrawal

## THREE MEMBERS TO SIT IN VICTORIA

New Chairman of Railway Commissioners Will Pre-side on Monday

The Railway Commission, at its meeting in Victoria on Monday, will have several matters of interest before it, one being the new tolls for telegraph companies.

One subject which has raised a great deal of local interest in the Alberts is the application which will be heard at the meeting by the Corporation of Port Alberni against the Esquimalt & Nanaimo Railway. The Corporation seeks an order to have the old Shore Road declared a public highway, and the company to remove its improvements thereon, while the company replies that the property is properly used for the purpose of the public had of access were estopped by the regular procedure and an exchange of land on Third Avenue.

The Commissioners who will sit on this occasion are Hon. F. B. Carvell, K. C., the Chairman, who was here last year as Minister of Public Works, Commissioner S. J. McLean, the well-known authority on railroad administration, and Dr. Rutherford, C. M. G., Commissioner. Rutherford was here recently in his capacity as a special commissioner into race track operations in Canada.

"J" UNIT CHAPTER, I.O.D.E. Members Voted \$100 to Christmas Entertainment for Soldiers' Widows and Orphans.

At the regular monthly meeting of "J" Unit Chapter, I. O. D. E., held yesterday afternoon, the members voted the handsome sum of \$100 towards the Christmas fund for the widows and orphans of soldiers. The Chapter also decided to give an entertainment at Craigdarroch hospital at a date to be decided upon later.

Mrs. James, who represents the Chapter at the funerals of returned soldiers, reported on the obsequies of several heroes during the past month. In the absence of military honors at the funeral of a veteran, the Chapter lays its own standard upon the bier, and at yesterday's meeting the members decided to provide a standard to be used exclusively on these occasions. Gratifying reports were tendered by Miss Duncan, educational secretary, and Mrs. Chow, Echoes secretary, who also advocated the support of the child welfare exhibit. On her recommendation it was decided to affiliate with the Local Council of Women, and Mrs. T. Hutchison was appointed the delegate.

The resignation of the secretary.

MERIDEN BRITANNIA COMPANY, Ltd. Hamilton, Ontario

Made in Canada by Canadians and sold by leading Canadian dealers throughout the Dominion.

we cannot obtain any support from them.

"As to whether he is guilty of all the indiscretions he is accused of, both by the public press and in daily conversation on the streets, has nothing whatever to do with the situation."

"He has in some way, whether in discreetly or otherwise, left himself liable, so that his every act can be criticized by the public press to the detriment of the party."

"Therefore it is utterly impossible for him to be associated with us any longer under the present conditions."

"If Mr. Price has the interests of the Conservative party at heart (we may say that he never misses an opportunity of telling us that he has), he would have retired voluntarily long ago, and saved us taking this regrettable action."

## BRIDGE SHOULD BE BUILT IMMEDIATELY

Ward One Liberals Want Prompt Action For Better Communication

That the Johnson Street Bridge scheme should be carried into effect with the least possible delay in order that the best interests of Victoria might be served and incidentally provide work for a considerable number of men who are at present out of work, was the opinion expressed at a meeting of Ward One Liberals at the Arcade Building headquarters last night.

The people of Victoria West are weary of the delay in getting suitable transportation facilities to and from the heart of the city. Deliveries are made more costly through the long detour that has to be made in getting from one place to another by way of the lengthy Point Ellice Bridge route. Business is virtually disconnected through the lack of a proper bridge at the foot of Johnson Street. Workmen, business men and others are inconvenienced and living generally is made more costly. It was decided that the Johnson Street Bridge matter, now that an agreement had been reached, should be made a live issue until work is actually begun.

Ward One Liberals plan to have an exceedingly active organization this winter, and it is the aim of the association to carry out a campaign that will result in general good to the community. Matters affecting the welfare of the people in the district will be discussed and as much influence as possible will be brought to bear on the situations that may arise in order to bring about the best results.

Officers were elected for the ensuing year. Charles F. Benfield, who was president last year, was re-elected. Joshua Smith was elected secretary and J. Mann treasurer, and the executive of last year will serve for a further term. William Minty and T. Veitch were elected to represent Ward One on the Central Executive.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. # Get on to the Land At Chemainus

In the Famous Farming District of Cowichan Vancouver Island

Acres at Slaughter Prices Averaging Per Acre \$50

Nineteen tracts of choice farm land property, averaging twelve acres to the tract; land logged over, now in light, scattered second growth, easy to clear. Eleven tracts front on the Chemainus River. Good soil, sandy loam and gravel; eminently adapted for poultry raising or small fruit farming; Less than two miles from Chemainus Station on the E. and N. Railway. Ten miles from Duncan, the centre of the famous Cowichan agricultural and dairying district. Good road from Chemainus all along the north end of the property and easy access to every lot.

This is an unequalled opportunity to secure a block of farm land in the most prosperous farming district of British Columbia. Dairying, poultry raising and small fruit farming are the principal activities of the district. Markets for the products are Duncan, Nanaimo and Victoria.

The property in which we offer these nineteen tracts is officially described on the district plan as:

Subdivision of part of Sections 12, 13, 14 and 15, in Range 3; part of Sections 11, 12 and 13, in Range 4; and a part of Sections 10 and 11, in Range 5, Chemainus District, Municipality of Cowichan.

Phone, write or call at our Victoria or Vancouver offices, where plans are now on view. We strongly counsel early reservations, as a rapid sale is anticipated.

WANTED—All respectable workmen  
to help with large, comfortable  
newly furnished rooms can be obtained  
at Hotel Douglas (next City Hall) for  
\$15 and up per month.

## WANTED—Fifty men, at once, to learn

the automobile business and quality as  
automobile mechanics and drivers. The  
demand for skilled men in the automo-  
bile business never was as great as it  
is at the present time. We will give  
you an intensive and thorough training  
in automobile repairing and driving.  
Battery repairing and rebuilding, ac-  
cetylene welding, vulcanizing and re-  
treading of tires. Special rates on com-  
plete course for a short time only. Day  
and evening classes now forming. Do  
not waste your time, but prepare your-  
self for the future. Learn more and earn  
more. Competent and skilled instruc-  
tors are employed in each department to  
teach you the different trades. Estab-  
lished over fifteen years. See us to-day  
or write for information and catalogue.  
Open evenings.

Living in the Country

Haven't you when you're travelling through the country looked at some of the farms and wished you were the owner?

It has taken hard work to bring to the state of production, but everything worth having takes work to get, otherwise it would be too easy to get and you wouldn't value it.

There is nothing like putting a piece of your own land in the land, its returns are tenfold, if only put into the right hands. There is no better place than Vancouver Island, where the climate and the soil are just what you need for making money. Why not decide to put a small amount away yearly in ten acres? Make up your mind and start in now. Call on the Vancouver Island Fruit and Produce Co. and let them explain to you how you can begin. We have land in a settled community, with daily train service, etc. sold under exceptionally easy terms, \$50 down and remainder spread over five years without interest. It's worth while thinking about.

Why not decide to put a small amount away yearly in ten acres? Make up your mind and start in now. Call on the Vancouver Island Fruit and Produce Co. and let them explain to you how you can begin. ## COLORED MAKER OF WINE IS DISMISSED

John Diamond Discharged in Police Court and Takes Home His Wine

John Diamond, colored, was dismissed on a charge of manufacturing liquor in the Police Court this morning by Magistrate Jay. When the accused heard the verdict he smiled radiantly, thanked the magistrate and began to make arrangements for taking home his twelve bottles of rhubarb wine, over which the controversy has raged.

In giving his decision Magistrate Jay referred to the Order-in-Council of March, 1918, under which Diamond was charged, which prohibited the manufacture of liquor. He ventured the opinion that this was purely a war measure passed to curtail the use of grain in the manufacture of liquors. It was not an offence under the Prohibition Act.

"I think," said the magistrate, "that this Order-in-Council was aimed at commercial manufacture and not at the private making of wine from fruits and vegetables, such as rhubarb, currants, parsnips, dandelions and so on. We know there are lots of people who make wine for their own use. As far as I know this man was making this wine for his own use. I have no reason to doubt his statement. I do not know what led up to the arrest of Diamond or what information the police acted upon. I can only judge from the evidence before me. Diamond says that he had no intention whatever of selling the wine."

## Tells How to Stop a Bad Cough

Surprising Results From This Famous Old Home-made Syrup, Easily Prepared and Costly Little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any doctor can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good and is as effective as any cough medicine. It can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with severe coughs, throat and chest colds.

There are many worthless imitations of this famous old home-made syrup. Ask for "2½ ounces of Pinex" with full directions and don't accept cheap imitations. Insist on the absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

## PLANE WILL CIRCLE EMPRESS BALLROOM

An aeronautical atmosphere will be imparted to the Aerial League cabaret to-night by the decorations of the Empress Hotel ballroom from the roof which a number of large model aeroplanes will be hung. From the centre of the roof the model aeroplane which belongs to the Carter Electric Company, will hang, and propelled by its little motor, will circle about.

When the Aerial League officials were hanging the model this morning, the wire which is attached to the model became connected with another wire which sent 110 volts into the miniature motor. For a second the model was sheathed in flames, until someone disconnected the power. The aviators have managed to repair the model, however, and it will circle the ballroom as intended.

A COCKROACH IN THE KITCHEN. WHEREAS THE KEATING'S EVERY cockroach that comes into proper contact with Keating's Fowl-DIE. This is a FACT. Sold in cartons (not loose). 15c, 25c, and 40c. None genuine without the signature on the red label round each carton.

## VLADIVOSTOK REVOLT HAS BEEN QUELLED

Washington, Nov. 19.—The revolution at Vladivostok has been quelled, dispatches to-day to the State Department said.

## ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

## SCOTT'S EMULSION

abundant in growth-promoting properties, is an ideal supplement food that could well be a part of the diet of every growing child. Children always do well on Scott's Emulsion.

## THAT COLD IS DANGEROUS

Don't wait Till you are Sorry.

When you feel out of sorts, shivery, headachy, don't wait till you are laid up in bed before you take action to remedy these things. Chills, aches, feelings are Nature's warnings. Get something to clear out your system, cool the blood, exterminate the germs. There is nothing so quick and reliable as Dominion C. B. Q.—which stands for Cascara-Bromide-Quinine Tablets. Dominion C. B. Q. cures a cold in a few hours—takes the headache away—makes you feel fit. Get a box of Dominion C. B. Q. today. Keep it on hand. You never know when you might need it. At all drug stores, in the Red Box. Made by that well-known and thoroughly reliable firm The National Drug & Chemical Co. of Canada, Limited.

DOMINION C. B. Q. TABLETS  
HEADACHE, COLDS, LA GRIPPE  
In a few hours. 25 cents.

## TO TAKE UP REPORT ON HIGH SCHOOL EFFICIENCY TO-NIGHT

Inspector Sullivan's report on conditions in the Victoria High School and the efficiency of the High School teachers is to be placed before a special meeting of the School Board to-night, it was learned to-day.

This report has been awaited for some time and comes as a result of the alleged poor showing pupils of the local High School made in their final examinations last summer in competition with other High Schools of the Province.

Perry first brought the matter up before the School Board which resulted in an investigation of conditions at the school being ordered.

Inspector DeLong after investigation produced two reports, neither of which, however, was made public. Trustees at a Board meeting declared that one of the reports criticised almost every teacher, with the exception of one. The other report from the same official was much more mild and in some respects was said to be almost a reversal of the first.

Because of the conflict in these two reports, Trustees decided to ask for another investigation and another report. This was entrusted to Inspector Sullivan, who has now completed his work.

Trustees to-night are also likely to discuss again the question of technical education in Victoria.

## BRIDGE AGREEMENT NOW O.K., SAYS MAYOR

The agreement between the C. P. R. and the city in connection with the construction of the Johnson Street bridge as a joint highway and railway traffic bridge, as sent from the C. P. R. solicitor's office to Mayor Porter, now that the company has eliminated the clause giving it monopoly railway rights over the bridge, is quite satisfactory to Victoria, the Mayor said to-day, after he had completed his examination of it.

The agreement will be placed before the City Council for approval at a special meeting which has been called for 2:30 o'clock Friday afternoon. If the aldermen find it satisfactory and approve of it, it will be sent on to the Provincial Government for the Government's O. K., which is necessary, as the Government is contributing to the cost of the bridge.

As soon as word of approval comes from the Provincial Government, City Solicitor Pringle will be instructed to prepare a by-law to be placed before the electors in January authorizing the construction of the bridge.

## AN OPEN LETTER.

An open letter to "The Boys" of the Victory Loan.

My Dear "Boys,"—I want you to accept my most sincere appreciation of your extreme kindness to me and of the manner in which you show me your good will.

Boys, if you will pull together for the betterment of your community as you did for the furtherance of the undertaking which has just so happily terminated, and if you will show the spirit which the "fighting seventy per cent" showed on the battlefield in defence of their country, nothing will stop us.

Yours affectionately,  
"GO TO WORK."  
Victoria, Nov. 19, 1919.

Foundation Soccer Club will be held to-morrow night at the clubroom.

Automobile Stolen.—A motor car owned by the Board of Pensions Commissioners was stolen from in front of the Arena last night.

In County Court.—In the County Court action of Pardee vs. Robertson, Judge Lammiman this morning dismissed both the plaintiff's claim and the defendant's counter-claim, plaintiff being obliged to pay the costs. In Whittaker vs. McCrimmon plaintiff secured judgment for an electrical bill, and in Meyers vs. Cholberg judgment was given in favor of the defendant.

## TWO RHODES SCHOLARS FROM THIS PROVINCE

Vancouver, Nov. 19.—The first Rhodes scholars selected in British Columbia since 1915, were chosen yesterday in the persons of Captain Sherwood Lett, M.C., and John Hamilton Mennie, both residents of the Vancouver district and graduates of the University of British Columbia. The last Rhodes scholar appointed before these was Edward Berry, of Cloverdale, in 1914.

## DECLARED ONE BIG UNION A MENACE

Rev. Dr. Thomas, Methodist, Merely Said Idea Behind It Beautiful

Toronto, Nov. 18.—Rev. Dr. Ernest Thomas, of the department of Evangelicalism of the Methodist Church in Canada, has issued a statement denying that he lauded the One Big Union idea. What Dr. Thomas actually said about the One Big Union, according to his statement, was:

"For instance, the idea behind the One Big Union is beautiful, but the thing itself is not. The idea is one of fellowship of workers from unskilled labor up to newspaper editors. That is a beautiful idea, but the thing in which this idea is supposed to be expressed gives us a power of paralyzing the industry of the whole country concentrated in the hands of a very small number of men, and this constitutes a menace."

Dr. Thomas said that no mention whatever was made of the Government's attitude toward the Winnipeg strike.

Dr. Thomas formerly was pastor of Wesley Church, Vancouver.

## WINNIPEG ELECTION ON NOVEMBER 26

Winnipeg, Nov. 18.—In the civic election here there will be but one three-cornered contest, as a result of nomination withdrawal made this afternoon. In Ward 6 J. H. Kaplanovitch will contend for aldermanic honors with Alderman R. H. Hamlin, citizens' candidate, and J. Blumberg, the Labor nominee. Both factions are preparing for a strenuous campaign.

An elaborate series of meetings having been arranged that will keep all candidates fully occupied between now and election day, November 26.

The slate follows:

For Mayor—Charles F. Gray, citizens' ticket; S. J. Farmer, Labor.

For Aldermen—

Ward 1—J. Sullivan, citizens' ticket; S. Cartwright, Labor.

Ward 2—F. O. Fowler, citizens' ticket; F. G. Tipping, Labor.

Ward 3—George Fisher, citizens' ticket; John Samson, Labor.

Ward 4—F. H. Davidson, citizens' ticket; Thomas Fyfe, Labor.

Ward 5—John Queen, Labor; H. E. Wilder, citizens' ticket.

Ward 6—R. H. Hamlin, citizens' ticket; John Blumberg, Labor; J. Kaplanovitch, Independent.

Ward 7—A. McLennan, citizens' ticket; Herbert Jones, Labor.

## NEW BIG BOMB PLOT DISCOVERED IN THE STATES

Philadelphia, Nov. 19.—Discovery of a Red plot to play off claims with explosive Christmas mail packages was announced to-day by Supt. of Police James Robinson.

Information of the plot, which he considers reliable, indicates it is nation-wide and directed against Federal, state and city authorities who took part in the national round-up of radicals planning the overthrow of the Government.

## SIMON CANDIDATE IN SPEN BY-ELECTION IN OLD COUNTRY

London, Nov. 19.—Sir John Simon, formerly Home Secretary in the Asquith Cabinet and defeated in Walthamstow at the last election, has been selected as Liberal candidate in the Spens Valley by-election. Herbert Hirst, president of the local Unionist Association, probably will be a candidate, and Tom Myers, Laborite, who opposed Sir Thomas Whitaker, defeated, at the last election, also will be on the list.

A strong pressure was brought to bear on Mr. Asquith to contest the seat, in which case the Labor Party probably would have withdrawn its candidate. A three-cornered fight is considered highly favorable to the Laborite.

## VANCOUVER COURT REGISTRAR GIVES HIS RESIGNATION

Vancouver, Nov. 19.—It was announced this afternoon that A. B. Pottenger, district Registrar of the Supreme Court here, had tendered his resignation to the Attorney-General.

## TRUE BILL AGAINST J. S. WOODSWORTH

Winnipeg, Nov. 19.—True bills were returned by the grand jury here this afternoon against J. L. Dixon and J. S. Woodsworth, charging them with publishing seditious libel. There are six counts against Mr. Woodsworth.

Spokane, Nov. 19.—Believed to have been dead for nearly a month, the body of Sam Taylor was found here yesterday in a houseboat on the Spokane River, where he made his home. A sister, Mrs. A. O. Roberts, of Port Jarvis, New York, has been here meanwhile, seeking Roberts. Four play is not suspected, officials stated.

## Gets Decree Absolute.—In the Supreme Court this morning Mr. Justice Murphy granted a decree absolute in the divorce action of Williams vs. Williams, in which the husband was the petitioner.

## ORDERS ARE MADE BY WHEAT BOARD

Prices Set For Bran and Shorts and Standard Flour

Winnipeg, Nov. 19.—The Canadian Wheat Board to-day ordered that until further notice, bran and shorts maximum wholesale prices shall be \$45 and \$52 a ton respectively, net weight in 100 pound jute sacks f.o.b. Montreal.

Another order provides that the standard of flour manufactured in Canada shall be a standard set by the Canadian Wheat Board and designated as Government standard spring wheat flour and Government standard winter wheat flour, and that the maximum wholesale price for the former and for the latter shall be \$10.10 a barrel f.o.b. Montreal.

It is ordered that no flour mills in Canada shall enter into contracts for delivery of flour, bran or shorts for a period in excess of thirty days, and that all sales shall be made subject to regulation of the Board.

Sugar.

San Francisco, Nov. 19.—The price to the consumer for best sugar advanced 1½ cents in all Pacific coast states to-day as part of the move by the Department of Justice to equalize sugar prices throughout the United States.

All points getting sugar out of San Francisco are entitled to add the freight to the jobbers' and retailers' charges.

The cane sugar supply has been exhausted, officials of the Equalization Board announced here, but beet crops are big enough to supply all normal demands until the new crop comes in after January 1.

## CONSIDER CHILD LABOR REGULATION

Delegates at International Labor Conference Take Up Subject

Washington, Nov. 19.—The International Labor Conference had before it to-day the report of the child labor committee. The report recommends an international agreement to fix fourteen years as the minimum age for children in industrial enterprises and to prohibit the employment of workers between fourteen and eighteen years of age in industries where conditions are considered bad for women workers.

Germans.

Gothenburg, Nov. 18.—The German delegation to the Washington Labor Conference has abandoned its trip on the eve of sailing and will return to Germany. It is announced the Government considers the journey useless in view of the impending close of the conference.

## BOLSHEVISM NOT WANTED IN FRANCE

Paris, Nov. 19.—All the newspapers hail the result of the general election in France as a triumph of law and order over Bolshevism, excepting the Socialist papers, which adopt a sullen and bitter tone.

Henry Franklin-Bouillon, Jean Longuet, Charles C. Haumet and Pierre Renaudel, the most determined enemies of M. Clemenceau and ratification of peace, were defeated.

Louis Barthou, former Premier, was elected, as was also the Marquis de Chambrun.

The Roman Catholics sent two priests to the Chamber to keep company with 'Abbe Lemire. They are Abbe Wetterling, Upper Rhine, and Abbe Muller, Lower Rhine. The Protestant pastor, Altorffer, was returned in the Lower Rhine.

All the aviators were brought down except Capt. Heurteux and Capt. Rene Fonck, both of whom were elected, the latter by a narrow margin.

## CLEARING UP THEFT WEB IN NEW YORK

Police on Trail of Ring Which Got Nearly \$1,000,000

New York, Nov. 19.—More arrests are expected to-day in the round-up in New York, Washington and other cities of persons suspected of having been implicated in the theft of \$500,000 to \$1,000,000 worth of securities in New York's financial district within the last six months.

With the arrest of David W. Sullivan, a member of the Consolidated Stock Exchange, charged with larceny and criminally receiving two Crucible Steel certificates valued at \$45,000, the police expressed confidence they had hit upon a trail which would clear up robberies which have mystified Wall Street and in which disappearing messenger boys have played a prominent part.

## CARRANZA AGENTS KILLED BY BANDITS

Agua Prieta, Sonora, Nov. 18.—The bodies of Enrique Hernandez and Francisco Arillo, secret agents of the Mexican Government, have been found hanging from a tree in the hills, twenty miles south of Montezuma, according to information received through military channels. Military officers believe the men were murdered by bandits.

San Francisco, Nov. 19.—The price to the consumer for best sugar advanced 1½ cents in all Pacific coast states to-day as part of the move by the Department of Justice to equalize sugar prices throughout the United States.

All points getting sugar out of San Francisco are entitled to add the freight to the jobbers' and retailers' charges.

The cane sugar supply has been exhausted, officials of the Equalization Board announced here, but beet crops are big enough to supply all normal demands until the new crop comes in after January 1.

## It's Good.

Because of the tasty and nourishing qualities and also because there are 115 different ways of cooking Catelli's Macaroni. Our recipe book "The Girl at Catelli's" is free—write us to-day for one.

# ENTHUSIASTIC SCENES AT BIG LOAN BANQUET

(Continued from page 3.)

some of the powers that be, to be irresponsible," T. MacKenzie observed in replying to the same toast. "The way that returned men, lead by a returned man, and a fighting returned man, too, put over this victory loan gives this idea the lie direct, and proves beyond a doubt that the returned men can work in harmony with the business men of the community."

## Help the Soldier.

"The men who can put over a loan in such splendid way as the present organization has done can make Victoria the gateway of the Pacific," asserted Major Walter Barty, president of the British Campaigners. "A great many returned men are finding it difficult to find their levels in the country and it is no easy matter to get down again to the business they lost while overseas. If you will just give them assistance to become re-established you will never regret it."

## Daylight Highway Robbery.

The toast to "Our Guests" was proposed by W. McLeish and replied to by Wingate White, of the Shawinigan Loan organization. Mr. White told how the loan organization of Shawinigan had extracted idle dollars from the residents far and near. During the drive, he said, S. J. Heald and F. T. Elford, while making a house-to-house canvass, had also practiced a system of daylight highway robbery in their laudable efforts to sell bonds. Whenever they had seen another automobile approaching on the roads of the district they had turned their cars at right angles to the highway, thus preventing the progress of the other motor. It had been their custom then to make every passenger buy bonds or show that he had "gone the limit" in subscriptions.

J. F. Scott, President of the Rotary Club, urged the support by such organizations as the Rotary Club. These organizations, declared Mr. Scott, had never put anything forward for the consideration of the public that was selfish. "But, we cannot do everything alone," he observed. "If you would only show the same spirit in the affairs of the city as you have in the loan we would have not only the most beautiful place on the continent in which to live and die, but a city in which it would be possible to make money."

## Chinese Will Help Canada.

Greeted with unrestrained enthusiasm Lee Mong Cow, in replying to the toast on behalf of the Chinese merchants present, remarked that, since he came here in 1882, many

notable changes had taken place in the city. Since that time Victoria had become the King of the Pacific, and the ocean had grown smaller and smaller every day with the improvement of transportation services.

"When General Clark asked me what I thought Chinatown could do in the loan drive I asserted without hesitation that it could not do as well as last year," Mr. Mong Cow continued. "It did better. Why? Because the Chinese understand that they have been accorded fair treatment through Mayor Porter, and fair protection under the British flag. The Chinese will do what they can to help the land in which they live at the present moment. As Confucius said, 'when you enter a town do as the townspeople do. When you enter the water follow the course of the river.' When you enter a country learn the laws of the country and obey them." The Chinese of Victoria have done this, and have tried to do their best to help the city which has protected their property and lives since 1914.

High praises for Mr. Bushby and Charles Williams, two of the most important of the loan chiefs, were uttered by J. B. Warnicker, who proposed the toast to the Victory Loan executive. "As for Mr. Talling, everyone has learned to respect him," said Mr. Warnicker. "Though a young man and a stranger to most of us, he managed seventy-two canvassers. The whole responsibility of running the sales fell upon his shoulders. Mr. Talling will occupy a distinguished place in Canada in the future."

## The City's Gramophone.

"I quote," continued Mr. Warnicker, "if any man in Canada has become greater than Ernie Down! No city in Canada has a greater publicity man than Ernie Down. He is the gramophone of the city. Just as Charlie Chaplin had to have the screen to interpret his genius, so Ernie has the press. And I would like to point out that his publicity in the press has been free from all bombast and free from all slang. Every time I look at Ernie Down I am reminded of Cleopatra, of whom the poet remarked on her 'infinite variety.'"

"Ernie Down has the same infinite variety as Cleopatra, and his medium of expression is publicity just as the screen is Charlie Chaplin's."

## A Great Leader.

"We have had a great leader in General Clark," remarked Mr. Warnicker. "He is a great soldier, a great leader, and most of all, a great democrat. General Clark used to come down here every day and talk to the humblest salesman, bucking everybody up. That spirit was the greatest help the drive had. There was a great heart behind the drive. That was the heart of General Clark. There was something that let us feel we could do our best, that something was the sympathy and the help of the great man at the head of us. General Clark should be employed by this Province to lift it out of the mire of debt. If General Clark and his salesmen were let loose they could do it, too. When General Currie becomes commander-in-chief of the British Empire I hope that General Clark will assume his position at Ottawa."

## Presents Flag to General.

At this juncture Mr. Down presented General Clark with the Loan Honor Flag which, decorated with four crests, Victoria won by its magnificent response to the Loan. At the conclusion of this little ceremony deafening cheers, more enthusiastic, louder and more prolonged than any that preceded them, were accorded the General, and everyone present joined in the singing of "For He's a Jolly Good Fellow."

Thanking all the members of the loan organization, General Clark modestly declared that they had done all the work. "This loan," the General observed, "means a lot to my comrades in their re-establishment in civil life. We owe a lot to the men who put over the drive last year, and who showed us the ropes. The drive was just like one of the big shows in France. We had our barrage of publicity, our attack and our reserves. We gained our objective and we had no casualties, thank God. I hope that if I am ever connected again with a loan drive I will be given the same loyal support that has been mine during the past three weeks."

## On Job Day and Night.

"General Clark was on the job day and night," James Forman, vice-chairman of the Executive, said in replying to the toast to the Executive. "Indeed, there was little left for a vice-chairman to do. He was the whole show! The four men who won this drive for the city were General Clark, Mr. Bushby, Mr. Down and Mr. Williams, the latter of whom did an awful lot of work silently."

## Loving Cup to General.

J. H. Talling, the energetic loan sales secretary, who had direct charge of all bond sales, remarked when replying to the toast to the Executive: "General Clark was a stranger to most of us when he took hold of the drive. But we have got to know him very well in the last month and no one out of the seventy-two who have not the keenest admiration for our head." As a token of this high esteem, Mr. Talling asked John Mowat to present the General with a beautiful silver loving cup inscribed "With Love From the Boys." The presentation was accompanied by the wildest enthusiasm on the part of the gathering. Equal enthusiasm greeted the presentation to Mr. Bushby of another loving cup of the same character as that presented to the General, and inscribed in similar fashion.

## A Delusion.

"If everything in the city was organized as this loan drive was organized," declared George McGregor, proposing the toast to the Sales Staff, "its success would be in the same proportion to the success of the loan. Vancouver could not teach us anything about putting this drive over. How they have come to the conclusion over there that this city is slow I cannot imagine. I hope to see 'Windy Harry' come down here with the flag we won pretty soon. I hope

## Use Cuticura to Keep Your Hair From Falling

How many times have barbers given this advice to men who are losing their hair because of dandruff and scalp irritation. At night rub Cuticura Ointment into the scalp. Next morning shampoo with Cuticura Soap and hot water. A clean, healthy scalp means good hair.

Cuticura Soap 25c, Ointment 25 and 50c. Sold everywhere. For sample each free address: Cuticura, Dept. N, Boston, U. S. A.

also that some part of the Island district will win the German gun. As for the Executive, we were with you salesmen all the time, and we were just equal to you, no more, no less.

**Other Presentations.**  
Replying to the toast, John Mowat said he was happy and proud to have been a full private in the splendid organization which General Clark had created. The credit was largely due to the men who had led the drive, and it was only right that their services should be recognized. Mr. Mowat then proceeded to present to Mr. Williams, Mr. Talling and Mr. Down silver cigarette cases as tokens of the esteem in which they were held by the "boys."

"Mr. Williams was working for four and half years from nine in the morning to six at night in the Red Cross for the boys overseas," Mr. Down reminded the gathering. "As for me I am completely taken aback by this presentation. I say this generally. If I saw a man I would be sore right now. That's how I feel."

"The boys were behind General Clark over there—they are behind him here," Captain McLaggan declared, in answering the same toast.

## Toast to Island.

F. M. McGregor, as Island organizer and the man who was largely responsible for "putting over" the Island replied to the toast to the Island, proposed by J. O. Cameron, President of the Board of Trade. Mr. McGregor read figures to show the splendid showing made by up-Island centres in the loan, and declared that the Island did not have to take a back seat compared with any other district.

After Mr. Down had uttered thanks to the citizens of the city for their investment in the Loan and General Clark had made his closing remarks, the gathering adjourned. Musical items were rendered during the evening by the following artists: Lieut. S. J. Charman, Mr. W. Booth, Lieut. R. R. Webb, Mr. Alf Lee, Mr. Edmund Petch, Mr. Mill, "Parson" Blair, Mr. Kilner, Mr. Marshall and Captain Armbrister, Mr. J. D. McLean, vice-president, Rotary Club, conjuror, Accompanist, Mr. Davis, of Fletcher Bros.

## The full programme was as follows:

Chairman—Ernest J. Down.  
Toast—(a) The King; (b) The Dominion of Canada; (c) Our Departed Heroes.  
Song—J. Charman.  
Toast—"The Province of B. C.," proposed by J. D. O'Connell, reply by Mr. A. C. Flumerfelt.  
Song—Mr. W. Booth.  
Toast—"Victoria City," proposed by Alex. Feden, reply by Mayor Porter.  
Song—Lieut. R. Webb.  
Song—"Mr. Alf Lee."

Toast—"His Majesty's Forces," proposed by B. J. Shigmin, reply by Mr. Axon and Captain Hyndman.  
Song—Mr. Edmund Petch.  
Toast—"Our Guests," proposed by W. McLeish, reply by R. M. Perry, J. F. Scott and Lee Mon Kow.  
Recitation, selected, Captain Armbrister.  
Song—"Prairie Flower," Entire Assembly.

Toast—"The Victory Loan Executive," proposed by J. B. Warnicker, reply by Brig-General Clark, F. Forman and J. H. Talling.  
Song—Mr. Hill.  
Toast—"The Sales Staff," proposed by Geo. H. McGregor, reply by Big John Mowat, Capt. McLaughlin and S. J. Charman.

Sermon—Parson Blair.  
Toast—"Vancouver Island," proposed by J. O. Cameron, reply by Fred McGregor.  
Song—Mr. Kilner.

Toast—"The Press," proposed by George Bushby.  
Song—Mr. Marshall.  
Concluding remarks—Brig-General Clark.  
God Save the King.
